to amend the Court-fees Act, 1870, in its application to West Bengal.

WHEREAS it is expedient to amend the Court-fees Act, 7 of 1870, 1870, in its application to West Bengal, for the purposes and in the manner bereinafter appearing,

It is hereby enacted in the Thirteenth Year of the Republic of India, by the Legislature of West Bengal, as tollows:-

- Short title 1. (1) This Act may be called the Court-fees (West and extent. Bengal Amendment) Act, 1962.
  - (2) It extends to the whole of West Bengal.

Application of the Act.

2. The Court-tees Act 1870 (herereafter referred to as the said Act), shall, in its application to West Bengal, be amended in the manner berematter provided.

Amend-ment of section 7 of Act 7 of 1870.

- 3. In section 7 of the said Act,-
- (1) in clause v, after the words "In suits for possession of land, buildings or gardens", the words ", not being suits referred to in clause vA," shall be inserted;
- (2) after clause v, the following clause shall be inserted, namely:
- In a suit for recovery of possession of immovable property from-
- (a) a trespasser, where no declaration of title to the property is either prayed for or necessary for dispessal of the suit,—according to the amount at which the relief sought is valued in the plaint

The Court-fees (West Bengal Amendment) Bill, 1962.

#### (Clause 4.)

- (b) a licensee upon revocation or termination of his license,—
  - (i) where a license fee is payable by the licensee in respect of the immovable property to which the suit refers, according to the amount of the license fee of the immovable property payable for the year next before the date of presenting the plaint, or
  - (ii) where no such license fee is payable by the licensee, according to the amount at which the relief sought is valued in the plaint subject to the provisions of section 8C:".

Amend. 4. In Schedule 1 to the said Act, article 2 shall be ment of omitted.

Schedule 1.

#### STATEMENT OF OBJECTS AND REASONS.

It has been held by a Special Bench of the High Court at Calcutta in a recent case that while an owner waiting to evict a licensee in respect of immovable property has to pay a larger amount of court-fees on the basis of the value of the property under section 7(r) of the Court-fees Act, a landlord wanting to evict a tenant has to pay a smaller amount of court-fees, on the basis of the annual rent payable for the year next preceding the suit under section 7(rr)(cr) of the Act. In order to remove this anomaly, it is proposed to amend the Act so as to enable the owner in a suit against a brensee to pay court-fees according to the amount of license fee, or, according to the amount at which the relief sought for is valued, when no breense fee is payable.

Further, to give relief to an owner of immovable property, who wants to sue merely for recovery of possession against a trespasser, by enabling lam to pay court-tees on the basis of his own valuation, and not on the basis of the value of the property, as at present, it is proposed to insert a new provision.

As a consequence of the proposed provision relating to suits against trespassers, article 2 of Schedult I of the Court-fees Act is proposed to be deleted.

### THE CIVIL DEFENCE SERVICE RULES, 1962

- G.S.R. 1952.—In exercise of the powers conferred by section 12 of the Defence of India Ordinance, 1962 (4 of 1962), the Central Government hereby makes the following rules, namely:-
- 1. Short title.—These rules may be called the "Civil Defence Service
  - 2. Definitions.—In these rules, unless the context otherwise requires,—
    - (i) "Director" means the person appointed to command a Civil Defence Service under sub-section (1) of section 7 of the Defence of India Ordinance, 1962;
    - (ii) "competent authority" means the State Government or any person appointed by the State Government to exercise the powers of a competent authority under any provision of these rules;
  - (iii) "Form" means a Form appended to these rules;
  - (iv) "Service" means the Civil Defence Service of a State.
- 3. Eligibility.—(1) A person who intends to apply for appointment to a Civil Defence Service must fulfil the following conditions:—
  - (a) he shall be a citizen of India, or a subject of Sikkim or of Nepal;
  - (b) he shall have completed the age of 18 years, provided that this agelimit may be relaxed in the discretion of the competent authority upto a maximum of 3 years for any branch or category of the Service:
  - (c) he shall have passed at least the primary standard, that is to say, the fourth class; and this condition may be relaxed by the Director in his discretion.

- (2) Both men and women will be eligible for appointment to the Service.
- (3) A person shall not be entitled to be appointed to the Service unless he is found to be physically fit and mentally alert.
- (4) Any service in the National Volunteer Force and in the Armed Forces of the Union shall be a special qualification.
- 4. Manner of application.—(1) Every person eligible for appointment under rule 3 shall be required to apply in Form 'A' and also present himself for interview before the competent authority.
- (2) Every candidate shall be required to produce a certificate from his employer agreeing to spare his service for training and duty, when so required.
- (3) The Director ordinarily shall have a Selection Committee for advising him in the selection of candidates.
- (4) All candidates shall be required to undergo training and pass examinations prescribed by the competent authority.
- 5. Enrolment. (1) A candidate who has been accepted for appointment to the Service shall be formally enrolled in such manner as the Director may, by order, determine and at the time of enrolment shall make an oath or affirmation according to Form 'B' before such officer as the Director may, by order, appoint.
- (2) Members of the following forces or services are not ordinarily cligible for enrolment in a Civil Defence Service:
  - (i) Armed Forces of the Union;
  - (ii) Police Force;
  - (iii) Fire Services;
  - (iv) Territorial Army or Auxiliary Forces of any of the Defence Services:
  - (v) Civilian personnel employed in connection with the Armed Forces of the Union, to whom section 4 of the Defence of India Ordinance, 1962, is applicable.
- (3) This rule shall not apply to Government servants who are specifically deputed for whole-time or part-time civil defence duties by the Heads of organisations or services concerned.
- 6. Organisation.—(1) The Director may divide the Service into branches and appoint a person (hereinafter called the Officer Commanding) to command each such branch.
- (2) The duties of the Officer Commanding shall be such as the Director may by order prescribe from time to time.
- (3) The Director may appoint a Deputy to assist any Officer Commanding.
- (4) The Director shall appoint all other staff required to man the Service and may delegate such powers of appointment to any Officer Commanding.
- (5) The Director or the competent authority may allot members of the Service to such branches.
- 7. Membership Certificate.—Every person appointed to be a member of the Service shall be given a certificate of membership in Form 'C'. A person losing his certificate shall report its loss forthwith to his immediate superior Officer, who shall make necessary enquiries and, after satisfying himself, may arrange to issue a duplicate certificate.
- 8. Conditions of service.—(1) The members of the Service shall ordinarily serve in a volutary and honorary capacity:

Provided that the State Government may, by order, authorise payment of duty allowance not exceeding two rupees and fifty naye paise per day to a member of the Service when called on duty.

- (2) Notwithstanding anything contained in sub-rule (1), the Central Government may declare any appointment or class of appointments as paid appointments. A person appointed on the basis of payment shall be entitled to such conditions of service as regards pay, leave and other benefits as the State Government may, by order, prescribe.
  - 9. Duty.—Members of the Service may be called on duty:-
    - (i) for training;
    - (ii) to perform the duties assigned to them by order under these rules, or under any other law for the time being in force, for the protection of persons and property against hostile attack.
- 10. **Discipline.**—(1) While undergoing training or on duty, no member of the Service shall absent himself from any lecture, practice or exercise or any other training course, except with the specific permission of the Officer Commanding or other superior officer.
- (2) All members of the Service when on duty shall be treated as public servants within the meaning of section 21 of the Indian Penal Code.
- (3) Every member of the Service shall conform to the following regulations:—
  - (i) He shall notify the Director through the Officer Commanding any change in his permanent address or place of employment.
  - (ii) He shall not communicate with the press or any political organisation or body in regard to any matter connected with his duties under the Civil Defence Service except with the permission of the Director.
  - (iii) He shall treat as strictly confidential all reports (or copies thereof) coming within his cognisance or knowledge in the course of his employment as a member of the Service.
- 11. Uniform and Accourtement.—(1) A member of the Service shall, when on duty, wear such uniform and badges of rank and carry such equipment as may be prescribed by the Director. The cost of such uniform and equipment will be borne by the Government. In addition, each member shall be granted a washing allowance of one rupee per mensem.
- (2) On termination of his services, he shall immediately return to the Officer Commanding his membership certificate and the uniform and equipment supplied to him, and obtain a receipt for the articles returned. If a member fails to return any item issued to him, the cost thereof shall be assessed by the Director and recovered from him.
- 12. Loss of property of Civil Defence Service.—Members of the Service shall be responsible for making good any pecuniary loss caused to the Government by misuse or negligence while in charge of any property, including equipment entrusted to them for Civil Defence work.
- 13. **Compensation.**—If a member of the Service suffers any damage to his person or property, while under training or on duty, he shall be paid such compensation as may be determined by the competent authority, provided that such damage is not caused by his own negligence or wilful act or omission in contravention of any of the provisions of the Defence of India Ordinance, 1962 or rules made thereunder, or orders or directions issued by his superior officer.
- 14. Service Records.—A record of service in respect of every member of the Service shall be maintained in Form 'D'.
- 15. Discharge. (1) A member of the Service shall be liable to be removed from the Service—
  - (a) on medical grounds;

#### II. GENERAL

3. Payment of fees, etc.: (a) All fees, costs and penalties payable under the Act or any regulation or rule framed thereunder, shall be deposited in a Government Treasury under the head "XXXII—Miscellaneous, Social and Developmental organisations—Labour and Employment—Fees for the Inspection of Steam Boilers", by chalan in duplicate, the original copy being forwarded to the Chief Inspection of Boilers, West Bengal, Calcutta, together with the applition for inspection. An application under section 7 or section 8, to which the treasury receipt obtained on payment of the prescribed fee is attached, shall be deemed to be accompanied by the prescribed fee.

In the case of fees payable by Government Departments the payment shall be made by book transfer.

- (b) For examination of boilers or parts thereof or drawings for steam pipes, for the testing of welders or for any other matter as provided for under clause (f) of section 29, an application in the prescribed form shall be accompanied by a treasury chalan showing payment of the prescribed fee under the head specified in clause (a).
- 4. Appointment of the Chief Inspector, Deputy Chief Inspectors, Inspectors, Inspecting Authority and Inspecting Officers: (a) The appointment of the Chief Inspector, Deputy Chief Inspectors and Inspectors of Boilers shall be regulated by the rule framed by the State Government for the recruitment of officers in the West Bengal Boilers Service.
- (b) The Chief Inspector shall be appointed by the State Government as Inspecting Authority and Competent Authority.
- (c) Inspecting Officers shall be appointed by the State Government from amongst the Inspectors of Boilers.

### III. FEES

- 5. Calculation of fees for registration of boilers: (1) Fees required to accompany applications under sub-section (1) of section 7 and sub-section (4) of section 8 shall be calculated on the basis of boiler rating as laid down in regulation 384.
- (2) The procedure for calculating boiler rating shall be as detailed in regulation 383.
  - 6. Fees: The following fees are prescribed, namely:—
  - (1) Registration fees: Fees for registration and first inspection of boilers shall be as provided in regulation 385.
  - (2) Fees for renewal of certificates: Fees required to accompany applications for the issue of renewed certificates under sub-section (4) of section 8 shall be on the following scale:—

For boiler rating not exceeding 100-Rs. 60.

For boiler rating exceeding 100 but not exceeding 300--Rs. 70.

For boiler rating exceeding 300 but not exceeding 500-Rs. 80.

For boiler rating exceeding 500 but not exceeding 700—Rs. 90.

For boiler rating exceeding 700 but not exceeding 900—Rs. 105.

For boiler rating exceeding 900 but not exceeding 1,100—Rs. 120.

For boiler rating exceeding 1,100 but not exceeding 2,000—Rs. 150.

For boiler rating exceeding 2,000 but not exceeding 4,000-Rs. 170.

For boiler rating exceeding 4,000 but not exceeding 6,000—Rs. 195.

For boiler rating exceeding 6,000 but not exceeding 8,000—Rs. 210.

For boiler rating exceeding 8,000 but not exceeding 10,000—Rs. 240.

For boiler rating exceeding 10,000 but not exceeding 12,000—Rs. 280.

For boiler rating exceeding 12,000 but not exceeding 14,000—Rs. 320.

For boiler rating exceeding 14,000 but not exceeding 16,000—Rs. 360.

For boiler rating exceeding 16,000 but not exceeding 18,000—Rs. 400.

For boiler rating exceeding 18,000 but not exceeding 20,000—Rs. 440.

For boiler rating exceeding 20,000 but not exceeding 22,000—Rs. 480.

For boiler rating exceeding 22,000 but not exceeding 24,000—Rs. 520.

For boiler rating exceeding 24,000 but not exceeding 26,000—Rs. 560.

For boiler rating exceeding 26,000 but not exceeding 28,000—Rs. 600.

For boiler rating exceeding 28,000 but not exceeding 30,000—Rs. 640.

For boiler rating exceeding 30,000 for every 2,000 or part thereof an additional tee of Rs. 15 shall be charged:

- Provided that when any owner of a boiler is willing to accept a renewed certificate for less than twelve months in order to approximate the date of annual inspection to the date on which other boilers in the locality are inspected, a certificate for such period, less than twelve months as may be necessary for such approximation of dates, may be granted at a reduced fee to be calculated at one twelfth of the ordinary fee for each full month, a portion of a month not being reckoned.
- (3) Application of the above fees: The fees mentioned in clauses (1) and (2) shall cover thorough inspection, hydraulic test and steam test where such are necessary, subject to the provisions of subsection (2) of section 14.
- (4) Second fees for re-inspection of defective boilers and inspection in default: A second tee shall be leviable for the re-inspection of a defective boiler and also in any case where the inspection of a boiler is begun, but owing to the fault or neglect of the owner or person in charge, is not completed within a period of six months from the date of commencement of inspection.
- (5) Fees for duplicate certificates: Duplicate certificates for bona fide purposes may be issued to boiler owners under the orders of the Chief Inspector on receipt of a fee of Rs. 5.
- (6) Fees for copy of registration book: For each copy of the registration book the fee shall be Rs. 10.
- (7) Additional fee for inspection or examination on Sundays and certain holidays: (a) Notwithstanding the provisions of clause (3), an additional fee of Rs. 50 shall be charged for—
  - (i) inspection of a boiler,
  - (ii) examination of boilers or parts thereof at an aggregate of three of the stages of construction or less as detailed in Appendix 'J' of the Indian Boiler Regulations, 1950,
  - (iii) inspection of steam pipes; on a Sunday or on other public holidays under the Negotiable Instrument Act, 1881, provided that such inspection is made at the request of the owner or maker of the boiler or steam pipes and with the approval of the Chief Inspector.
- (b) The additional fee charged under sub-clause (a) shall be paid in the manner prescribed in rule 3.
- [Note.—The Inspector who makes the inspection shall be entitled to an allowance equal to half the additional fee so charged.]
- (8) Payment of Inspector's travelling expenses in certain cases:
  - (a) In addition to the above fees, an Inspector's travelling expenses shall be realised from owners, whose boilers are not ready for inspection on the first visit made on their application, for every additional visit made by the Inspector for the completion of the inspection.
  - (b) If the owner of a boiler requires an inspection at a time which would necessitate a special journey by an Inspector, an additional fee equal to the travelling allowance of the Inspector and his attendant staff, if any, as determined by the West Bengal Service Rules, shall be paid by the owner of the boiler in addition to the fees prescribed in this rule:
  - Provided that if two or more owners apply for inspections which are made in the course of a single such journey, the additional fee prescribed in this clause shall be recovered from such owners in such proportion as the Chief Inspector may determine.

- (9) Fees for inspection, examination, testing and certification of boilers and scantlings under construction (as provided for in regulation 395A of the Indian Boiler Regulations, 1950)—
- (a) The inspection fee for boilers constructed in India shall be calculated on the following basis:
  - at three times the registration fee for a boiler of riveted construction.
  - (ii) at four times the registration fee for a boiler of welded construction.
- Fees for inspections of boiler scantlings and tubes during construction shall be charged as under:
  - (i) up t: 10 square feet (0.929 sq. metre) of outside surface—Nil.
  - (ii) above 10 square fect (0.929 sq. metre) of outside surface—one half of the registration fee of the boiler for which the part is intended.
- Fees for inspection of tubes shall be charged at rupees twenty only per metric ton or a fraction thereof.
- The manufacturer in addition shall supply free of charge the labour and appliances which may be necessary for such mechanical tests as may be carried out in his premises or those of the steel makers and tube makers in accordance with the standards laid down in the regulations. Failing to find facilities himself for the prescribed tests, the manufacturer shall bear the cost of carrying out these tests elsewhere.
- (b) Fees for examination and certification of scantlings of boilers, steam pipes, economisers and superheaters during fabrication at site: The fees for such examination and certification for supervision required under clause (b) of regulation 4 shall be equivalent to the fees required for the registration of the boiler.
- The owners or erectors shall supply free of charge the labour and appliances which may be necessary for such tests as may be carried out in their premises in accordance with the standards laid down in the regulations. Failing to find facilities themselves for the prescribed tests, they shall bear the cost of carrying out these tests elsewhere.
- (10) (a) Fees for examination of plans of boilers: The fee for the scrutiny of plans under sub-regulation (a) of regulation 393 shall be on the scale prescribed in regulation 385, subject to a maximum of Rs. 700 but when a plan which has been scrutinised and in respect of which alterations have been suggested is re-submitted for scrutiny, a separate fee on the same scale shall be payable if the plan contains alterations other than those previously suggested.
- (b) Fees for examination of plans of steam pipes: The fee required under sub-regulation (a) of regulation 395 shall be at the rate of Rs. 5.00 per 30 meters (100 ft.) of piping or part thereof inclusive of all fittings, excepting fittings like de-superheaters, steam receivers, feed heaters and separately fired superheaters. For any fittings like de-superheaters, steam receivers and separators, the fee shall be Rs. 50.00 for each such fittings.
- (c) Fees for examination of steam pipes for grant of certificates in Form IIIA of the regulations: A fee equivalent to the registration fee of the boiler or boilers to which the steam pipes are to be fitted shall be charged for the examination of drawings and plans for this purpose. (See regulation 394.)
- (11) Fees for examination and inspection of indents of stores relating to boilers on behalf of Central or State Government Departments: A fee equivalent to one per cent. of the value of the stores inspected shall be charged for examination and inspection of the stores.
- (12) Fees for testing of welders in accordance with State rules or regulations:
  For the testing of welders in accordance with West Bengal Boilers
  (Testing of Welding Operators) Rules, 1954, a fee of Rs. 125 shall be charged as prescribed thereunder.

- (13) For the qualification or requalification tests of welders engaged in welding of boilers and steam pipes under construction, erection and fabrication at site in accordance with the requirements of Chapter XIII of the regulations, a fee of Rs. 150 shall be charged.
- (14) Fees for examination and certification of boiler mountings and fittings under manufacture: A tee of Rs. 150 shall be charged for examination and certification of a single lot of boiler mountings of identical size and specifications made from the same cast.
- The manufacturer in addition shall supply free of charge the labour and appliances which may be necessary for such mechanical tests as are required under the regulations. Failing to find facilities himself for the prescribed tests, the manufacturer shall bear the cost of carrying out these tests elsewhere.
- The charges for the examination of drawings only for mountings and fittings under manufacture shall be one-third of the above charges.
- (15) Fees for the examination of steam receivers, separators, etc., under construction for the grant of certificate in Form IIIA of the regulations: The examination fees to be charged in this case shall be as follows:
  - (i) For a vessel up to 600 mm (24") diameter—Rs. 150.
  - (ii) For a vessel over 600 mm (24") diameter—Rs. 240.
- The manufacturer in addition shall supply free of charge the labour and appliances which may be necessary for such mechanical tests as are required under the regulations. Failing to find facilities himself for the prescribed tests, the manufacturer shall bear the cost of carrying out these tests elsewhere.
- 7. Other fees: Other fees required to accompany applications under subsection (f) of section 29 shall be of the following classes:
  - (a) For the examination of boilers or parts thereof, steam receivers, separators, etc.: This shall be calculated on the basis of provisions made under rules 6(9), 6(14) and 6(15).
  - (b) For the examination of plans and particulars of materials, design and construction of boilers: This shall be calculated on the basis of provisions made under regulation 393(b) and as laid down under rule 6(10).
  - (c) For the examination of drawings for steam pipes and inspection of steam pipes under construction: These shall be calculated on the basis of provisions made under rule 6(10).
  - (d) The inspection of indents relating to boilers on behalf of Central or State Government Departments: This shall be calculated on the basis of provisions made under rule 6(11).
  - (e) For the testing of welders. This shall be in accordance with the provisions made under rules 6(12) and 6(13).
  - (f) For any other matter which in the opinion of the State Government would involve time and labour as provided for in section 29(f) but not prescribed in these rules: The fees to be charged shall be at the discretion of the State Government in such cases.
- 8. Refund of fees: Fees paid in excess and fees paid for inspections which, for any reasons not due to any fault or omission of the owners or persons in charge of boilers, have not been made, shall be refunded by the Chief Inspector if the refunds are applied for within one year from the date of payment or may be set off by the Chief Inspector against the fees for the inspections of any other boiler of the same owners.

### IV. DUTIES OF THE CHIEF INSPECTOR

9. General control: The Chief Inspector shall be vested with all the powers of a Deputy Chief Inspector and an Inspector under the Act, but his main duty shall be the supervision and control of the work of the Deputy Chief Inspectors and Inspectors. He shall normally inspect or examine boilers, scantlings or steam pipes only in exceptional cases, or in such cases in which he considers that the work of a Deputy Chief Inspector, Inspector or an Inspecting Officer requires a personal check.

- 10. Specific duties: (1) The Chief Inspector shall—
- (a) personally check the registration and measurements of all newly registered boilers, for the initial working pressure and enter under his own signature all orders required by section 7;
- [Note.—He may, however, authorise a Deputy Chief Inspector to undertake the above work and to make his recommendations in this behalf, to the Chief Inspector.]
- (b) enter under his own signature and subsequent entries required in the registration book;
- (c) approve the programme of inspections of Deputy Chief Inspectors and all Inspectors subordinate to him with due regard to the convenience of owners generally;
- (d) examine and pass orders on the diaries and returns of Deputy Chief Inspectors and Inspectors;
- (e) examine and approve all reports of Deputy Chief Inspectors and Inspectors regarding structural alteration, addition or renewal to boilers;
- (f) pass orders in all cases in which an Inspector or a Deputy Chief Inspector proposes to increase or reduce the pressure allowed for any boiler under clause (a) of the second proviso to sub-section (5) of section 8 or to revoke, cancel or refuse to renew the certificate of a boiler under section 11 or to order important repairs, structural alterations, or renewals in a boiler under section 8;
- (g) decide all appeals against the orders of Deputy Chief Inspector and Inspector under section 19:
- (h) sanction prosecutions under the Act;
- (i) enquire into serious accidents to boilers;
- [Note.—He may, however, authorise a Deputy Chief Inspector to enquire into such accidents who shall report in writing to the Chief Inspector the results of the enquiry.]
- (i) record his observations in the annual report on the working of the Indian Boilers Act, 1923.
- (k) approve the budget estimates for carrying out the purposes of the Act as drawn up by a Deputy Chief Inspector of Boilers;
- (1) approve all plans and drawings for boilers and steam pipes and advise boiler owners or makers regarding the requirements of the Indian Boiler Regulations, 1950, on the design, material and construction for boilers to be installed or manufactured in the State.
- [Note.—He may, however, authorise a Deputy Chief Inspector to undertake the above work and to make his recommendations in this behalf to the Chief Inspector.]
- (2) As an Inspecting Authority the Chief Inspector of Boilers shall-
- (a) approve all drawings and plans for construction of boilers, parts thereof, steam receivers, separators, etc.;
- (b) supervise and control the work of all Inspecting Officers in the construction of boilers, parts thereof, steam receivers, separators, etc.;
- (c) examine and approve all reports regarding examination of boilers, parts thereof under construction in stages as enumerated in Appendix 'J' of the regulations.
- (d) issue certificates in Forms II and IIIA and countersign certificates in Form III of the regulations for all boilers, parts thereof, steam pipes, steam receivers, separators, etc.;
- (e) advise the makers of boilers, parts thereof or of steam receivers, separators, etc., with regard to the provisions of the regulations in as much as they relate to their design and constructional features.
- (f) supervise and control the working of any testing laboratory set up for testing and examination of boilers or parts thereof under construction;
- 11. Advice to owners: The Chief Inspector may advise owners regarding the maintenance, working and cleaning of boilers. Such instructions as he may issue for this purpose shall be hung up in each boiler house.

- 12. (1) The Chief Inspector shall keep in his office—
- (a) a register in Form A No. 1 of all boilers registered in the State, or the registry of which has been transferred from another State;
- (b) the registration book and memorandum of inspection book of all boilers borne on his register;
- (c) a register of appeals;
- (d) a register of accidents; and
- (e) a register of registration and inspection fees received.
- (2) As Inspecting Authority the Chief Inspector of Boilers shall keep in his office—
  - (a) a register in Form A No. 2 of boilers and scantlings manufactured in the State;
  - (b) a register of all tests carried out to test specimens against the boiler under manufacture;
  - (c) a register of radiographic and non-destructive examination carried out with the results thereof against each boiler of welded construction under manufacture;
  - (d) a register of drawings and plans of boilers approved;
  - (e) a register of examination fees received in connection with construction of boilers, steam pipes or parts thereof;
  - (f) a schedule of stage examination of boilers or parts thereof in accordance with the provisions under Appendix 'J' of the regulations.
- 13. Control of bills: The Chief Inspector shall be the controlling or countersigning authority in respect of all contingent bills and of travelling allowance bills of officers subordinate to him.
- 14. Application for inspection and certificate: (a) When a certificate in Form V or Form VI of the regulations is required the application in Form B No. 1 stating the date on which the boiler will be ready for inspection shall be submitted to the Chief Inspector of Boilers. Such application shall be accompanied by the treasury receipt in original obtained on payment of the prescribed fee. In the case of boilers belonging to Government Departments the application shall be accompanied by the accepted book debit voucher for payment of the prescribed fee. On receipt of the application, the Chief Inspector shall send it to the Inspector concerned after necessary endorsement thereon by the Cashier showing that the fee and the extra fee, if any, chargeable for inspection on a Sunday or other holiday as laid down in clause (7) of rule 6 together with the Inspector's travelling expenses, if any, chargeable under sub-clause (a) or sub-clause (b) of clause (8) of rule 6 have been paid. If the date on which the boiler will be ready for inspection as stated in the application by the owner is unsuitable for inspection of the boiler, the Inspector shall fix a date within thirty days from the date of the receipt of the application for such inspection and will give the owner not less than ten days' notice of the date so fixed.
- (b) When a certificate in Form II, or endorsement on Forms III, IIIA or IIIB of the regulations is required for a boiler or scantlings under construction, an application in Form B No. 3 shall be submitted to the Inspecting Authority. Such application shall be accompanied by the treasury receipt in original obtained on payment of the prescribed fee. In cases where such fees are payable by Government Departments the application shall be accompanied by the accepted book debit voucher for payment of the prescribed fee. On receipt of the application the Inspecting Authority shall send it to the Inspecting Officers concerned with the necessary endorsement by the Cashier showing that all fees including any extra fee chargeable for inspection on a Sunday or other holiday as laid down in clause (7) of rule 6 have been paid. The Inspecting Officer shall fix a date for the commencement of the examination according to the convenience of the makers as stated in their application.
- 15. Establishment under the C.I.B.: The Chief Inspector shall from time to time prepare and submit for the sanction of the State Government a Schedule of the establishment and salaries which he considers necessary for carrying out the purposes of the Act.

#### V. DUTIES OF DEPUTY CHIEF INSPECTORS

- 16. Relationship with the Chief Inspector: Deputy Chief Inspectors shall be directly subordinate to and under the control of the Chief Inspector. They shall be vested with all the powers of Inspectors under the Act or Inspecting Officers under the regulations. Their main duties shall be to scrutinise the work of Inspectors and other Inspecting Officers in the matter of inspection, examination and certification of boilers, steam pipes, scantlings and economisers and to make their observations available to the Chief Inspector, where necessary. They shall also carry out normal inspection work to such extent as may be considered necessary by the Chief Inspector of Boilers.
  - 17. General duties: The Deputy Chief Inspector shall-
  - (a) obtain the memorandum and registration book of a boiler which has been registered in another State and the subsequent transfer of which to this State is reported under section 6(c) when so directed by the Chief Inspector (see regulation 388);
  - (b) pass orders in all cases for which it is reported that after due notice the boiler has not been properly prepared for inspection;
  - (c) examine and countersign the Inspectors' memorandum of inspection book of each boiler after each inspection;
  - (d) prepare the annual report on the working of the Indian Boilers Act, 1923;
  - (c) prepare the budget estimates for carrying out the purposes of the Act;
  - (f) dispose of all leave applications of the non-gazetted staff;
  - (g) when authorised by the Chief Inspector, check the registration measurements and calculations of all newly registered boilers for the initial working pressure;
  - (h) when authorised by the Chief Inspector, enquire into serious accidents to boilers and report in writing to the Chief Inspector the results of the enquiry;
  - (i) when authorised by the Chief Inspector, check all plans and drawings for boilers, steam pipes and economisers;
  - (j) check and examine certificates in Forms III, IIIA and IIIB and extracts
     of Form IV as required under the regulations and submit these
     documents to the Chief Inspector of Boilers within a fortnight of
     their receipt from makers;
  - (k) generally assist the Chief Inspector in the administration of the Act.

### VI. DUTIES OF INSPECTORS

18. Relationship with the Chief Inspector: The Inspectors shall be directly subordinate to and under the control of the Chief Inspector. They shall ordinarily be appointed to take charge of specified areas.

The main duties of the Inspectors shall be the inspection of boilers, steam pipes and economisers. Inspections shall be carried out strictly in accordance with the requirements of the Act, regulations and rules made thereunder and if appointed as Inspecting Officers they shall carry out examination of materials manufactured or boilers constructed in accordance with the regulations.

- 19. Kinds of inspection: There shall be two kinds of inspection of boilers, namely:
  - (a) when the certificate granted under this Act is about to expire or when it has been revoked or suspended under section 11 and the owner desires that it shall be renewed, a thorough examination, inside and outside, shall be made by one of the Inspectors for which purpose the boiler must be prepared as required by regulation 390;
  - (b) an ordinary inspection may be made by an Inspector at any time for the purpose of ascertaining whether a certificate should be revoked or suspended under section 11. The Inspector shall record his visit on the certificate granted to the boiler and submit a report on the inspection to the Chief Inspector.
- 20. Search for unregistered boilers: In addition to the inspection of boilers, it shall be the duty of the inspectors to search for unregistered or uncertified boilers within their areas, and to see that certified boilers are worked in accordance with the terms of the certificates, and the regulations or rules for safe working. The Inspector shall submit a report on such visits to the Chief Inspector.

21. Inspectors to advise owners: At the time of inspection, the Inspectors may advise the owner and the person in charge of the boiler on the management and upkeep of the boiler with special reference to the amount of cleaning required in view of the quality of water used.

The state of the s

- 22. Specific duties: (1) The Inspectors shall-
- (a) prepare a programme of inspection with regard to the convenience of owners generally and submit it to the Chief Inspector for approval at such periods as he may fix, at least fourteen days before the first date fixed in the programme;
- (b) maintain a memorandum of inspection for each boiler under their charge and submit it to the Deputy Chief Inspector for examination and countersignature after each inspection;
- (c) keep a diary for monthly submission to the Chief Inspector, showing places visited, boilers registered or inspected, variations from the programme and any other important particulars;
- (d) receive reports of accidents under section 18;
- (e) enquire into accidents to boilers or steam pipes and report to the Chief Inspector;
- (f) report to the Chief Inspector cases of unreported accidents discovered at the time of inspection; and
- (g) submit for the orders of the Chief Inspector-
  - (i) the memorandum of inspection books of all boilers proposed for registration under section 7;
  - (ii) proposals for increasing or decreasing the pressure of a boiler after inspection under sub-clause (ii) of clause (a) of the second proviso under section 8 or section 11;
  - (iii) proposals for necessary repairs, structural alterations or renewals to a boiler after inspection under section 8 or section 12;
  - (iv) proposals for revoking, cancelling or refusing to renew certificates section 8 or section 11;
  - (v) report when boilers have not been properly prepared for inspection under section 14;
  - (vi) proposals for prosecutions under the Act.
- (2) An Inspecting Officer shall-
- (a) prepare a programme of stage examination with regard to the convenience of the makers generally and submit it to the Inspecting Authority for approval at such periods as he may fix;
- (b) maintain a schedule of such examination of boilers or parts thereof in Form D (see Appendix 'J' of the regulations);
- (c) maintain a diary of examinations carried out for monthly submission to the Inspecting Authority showing places visited, boilers or parts thereof examined and any other important matters;
- (d) submit to the Inspecting Authority reports in Form E on the results of the examinations carried out on boilers or parts thereof in accordance with the standards laid down in the regulation and with particular reference to variations therefrom;
- (e) report the results of tests carried out to materials or scantlings in their presence;
- (f) maintain records of all tests (both destructive or non-destructive) carried out by him or under his supervision;
- (g) when radiographic examinations are carried out to boilers or parts thereof, give his opinion in writing to the Inspecting Authority with regard to the acceptability or otherwise of the parts examined in Form E.
- 23. Inspector's declaration: When an inspection under the Act is completed, the Inspector making it shall prepare a declaration in Form B No. 2 in column 8 of which the limit of the working pressure (in kilograms per square centimeter pounds per square inch) shall be clearly noted.

24. Grant of certificate for the use of boiler: Upon receipt of the declaration in the office, a certificate authorising the use of the boiler shall be prepared in Form VI prescribed by the regulations. Such certificate shall be signed by the Inspector and countersigned by the Chief Inspector and shall be delivered to the owner, manager or agent of the steam boiler inspected.

The time for the inspection of boiler shall be between sunrise and sunset.

#### VII. ACCIDENTS

- 25. Investigation of accidents: On receipt of a report of an accident to a boiler or steam pipe under section 18, the Inspector shall, with the least possible delay, proceed to the place to investigate the accident. If the report is received by the Chief Inspector, he shall forward it at once to the Inspector, within whose jurisdiction the accident has occurred for necessary action.
- 26. Procedure during enquiry: The Inspector at his enquiry shall make a careful examination of the damaged parts, and shall take such measurements and make such sketches for the purpose of his report, as he may deem necessary. He shall enquire into the circumstances attending the accident and note the time of its occurrence, its nature and extent the injury caused to persons and the damage done to property. The report should be drawn up in the proper manner giving full details of the observation and his opinion on the cause and prevention of the accident.
- 27. Power to hold enquiry in writing: The Inspectors shall take the written statements of witnesses and all persons immediately concerned with the accident. In order to comply with the provisions of section 18(2) the Inspector shall present to the owner or person in charge of the boiler a series of written questions on all points which are material to the enquiry.
- 28. Use of boiler after accident: The Inspector shall decide whether the use of the boiler can be permitted at the same or at a lower pressure without repair or pending the completion of any repairs or alterations that he may order. In no case shall he issue a provisional order or renewal certificate until his orders have been complied with.
- 29. Procedure in case of serious accidents: The report shall be sent without delay to the Chief Inspector who, if he considers that the investigation has been sufficient shall record the facts in his register of accidents and shall enter a brief account of the accident in the registration and memorandum of inspection books. If, however, the accident is of a serious nature and in all cases in which an explosion has occurred, the Chief Inspector, on receipt of the report of the Inspector, shall proceed to investigate the accident personally.
- 30. Reference in annual report: A brief account of all accidents, and their causes shall be included in the annual report on the working of the Act.
- 31. If, in the course of an inspection or at any other time, the Inspector discovers damage which comes within the definition of an accident, but which has not been reported, he shall report the facts at once to the Chief Inspector for action under section 24(d).

### VIII. APPEALS

- 32. Definition of appellate authority: In this part "appellate authority" means the appellate authority as constituted under section 20.
- 33. Appointment of appellate authority: The State Government shall appoint the appellate authority for such period as it may deem fit. The appellate authority shall be an officer who has exercised or is exercising the powers of a District Judge or a District Magistrate.
- 34. Panel of assessors: The State Government shall constitute a panel of assessors for the purpose of assisting in the hearing of appeals. Assessors shall be competent persons with necessary practical knowledge and experience and must be fully qualified Mechanical Engineers.
- 35. Attendance of assessors: Whenever the date for the hearing of an appeal before the appellate authority has been fixed, the Chief Inspector shall under the orders of the appellate authority arrange for the attendance of at least three members out of the panel of assessors constituted under rule 34 to act as assessors.

- 36. Remuneration of assessors: An assessor shall receive such remuneration and travelling expenses incurred for any day on which he attends the appellate authority as the State Government may by order direct.
- 37. Filing of appeal: Every petition of appeal shall be made in writing either in English or in Bengali.
- 38. **Presentation of appeal:** A petition of appeal may be presented either personally or by registered post to the Chief Inspector.
- 39. Form of appeal: The petition of appeal shall be accompanied by a certified copy of the order, notice or report appealed against, or where no such order, notice, or report has been made in writing, by a clear statement of the facts appealed against, the grounds of appeal, and the relevant section of the Act.
- 40. Fixing of date for hearing: On receipt of an appeal a date for hearing the appeal shall at once be fixed.
- 41. **Procedure before hearing:** When the date for hearing has been fixed, the appellate authority shall at once issue a notice to the appellant stating the date for hearing and informing him that if he wishes to be heard in support of the appeal or to produce evidence, he must be present either in person or by authorized agent with his evidence on the date fixed. The notice shall be sent by registered post to such address as shall be entered in the petition of appeal.
- 42. **Presence of Inspector:** In all appeals the appellate authority shall decide whether the presence of the Inspector is necessary, and shall issue orders accordingly.
- 43. Attendance of witnesses: The appellate authority shall have power to secure the attendance of witnesses and to make local enquiries and for this purpose shall exercise the powers of a Court under the provisions of the Code of Civil Procedure, 1908.
- 44. Ex parte decisions: If the appellant is not present on the date fixed, the appeal may be decided in his absence.
- 45. Costs in appeals: In appeals the appellate authority shall fix the costs and recover them from the appellant in cases in which the appeal is dismissed. In all cases of appeal in which a local inspection is required by the appellant he shall deposit in advance the full costs of such inspection.
- 46. Fees required for certificates granted on appeal: Any order on appeal authorizing the registering of a boiler or the grant or renewal of a certificate shall be deemed to be subject to the payment of such fees as are prescribed by rules or regulations framed under the Act.

### IX. Administrative Instructions for Registration

- 47. **Importance of registration:** The Inspectors shall carry out the technical instructions for the registration of boilers, as laid down in the regulations, with the greatest care and precision, as the details of measurement recorded at the time of registration constitute a permanent record for the boiler and determine the pressure at which the boiler is to be allowed to work.
- 48. **Receipt of applications:** Applications for registration under subsection (1) of section 7 shall be submitted to the Chief Inspector of Boilers in accordance with the provisions of rule 14. No boiler shall be registered if on measurement the fee is found to be deficient until the deficit has been paid. Any excess payment will be refunded according to rule 8.
- 49. Register of registered boilers: The Chief Inspector shall maintain a register of registered boilers in serial order in Form A No. 1 in two parts; in Part 1 (boilers originally registered in the State) the registered number of a boiler shall be the one immediately following the last serial number of the registere. Gap numbers due to boilers being broken up or transferred to another State shall not be filled in. In Part II (boilers originally registered in other States) entries shall be made as prescribed in rule 51.
- 50. Procedure of transfer of a boiler: Whenever a boiler is transferred from one State to another the owner shall, under section 6(b) apply to the Chief Inspector of the State to which the boiler is transferred, for the registration of the transfer; the boiler cannot be used until registration has been effected. The Chief Inspector shall then obtain from the State the registration book and memorandum of inspection book of the boiler before the boiler is permitted to be used. No fee shall be charged for recording transfer.

- 51. Entry of transferred boiler in register: On receipt of the registration and memorandum of inspection books the Chief Inspector shall enter the boiler under its original number in Part II of his register. The registration book and the memorandum of inspection book shall be kept in the Chief Inspector's office.
- 52. Note of transferred and dismantled boilers: Whenever a boiler has been transferred to another State or broken up, the fact shall be noted in the register.

In the case of a boiler that has been permanently dismantled the registration book and the memorandum of inspection book shall be destroyed.

### X. Administrative Instructions for Inspection

- 53. Reference to previous inspection: The Inspectors shall carry out the inspection of boilers and steam pipes in accordance with the detailed instructions contained in the Regulations. The Inspector previous to an inspection shall scrutinize the memorandum of inspection book and shall note any entries that may have been made at the last inspection.
- 54. Procedure during inspection of boilers of a battery: The Inspectors, when inspecting one boiler of a battery, shall also examine the other boilers under steam, with special reference to the water gauges, pressure gauges and safety valves, and steam piping.
- 55. Issue of certificates and provisional orders: (1) All certificates shall be issued from the head office after being countersigned by the Chief Inspector.
- (2) A provisional order shall be issued in each case of registration after the hydraulic test of boiler and inspection of steam pipe and feed pipes connected to the boiler upon the certificate of the Inspector. The steam test may be taken at any convenient time within the period of the provisional order, after which, if the test is satisfactory, the certificate under section 7 shall be issued.
- (3) A provisional order shall also be issued after each completed inspection for renewal of the certificates so as to give authority for the use of the boiler pending the issue of the certificate.
- (4) The period specified in any certificate or provisional order shall begin on the day on which the completed hydraulic test and thorough inspection of boiler or inspection of steam and feed pipes is made.
- 56. Form of provisional orders and certificates: Provisional orders and certificates shall be issued in Forms V and VI respectively, prescribed under the regulations.
- XI. ADMINISTRATIVE INSTRUCTIONS FOR EXAMINATION OF BOILERS, PARTS THEREOF, STEAM RECEIVERS, SEPARATORS, ETC., BY AN INSPECTING OFFICER
- 57. The Inspecting Officers shall carry out the examination of boilers, parts thereof, steam receivers, separators, etc., in accordance with the detailed instructions and specifications as laid down in the regulations. Previous to an examination he shall go through the remarks made in the Schedule to Form D.
- 58. While examining materials he shall verify the acceptability of the materials from original test reports from steel makers in accordance with the requirements of the regulations before stamping these materials.
- 59. (a) When steel makers certificates in Form IV of the regulations issued by well known steel makers or a recognised Inspecting Authority are available the materials may be stamped by him for use in the construction of boilers provided they are found to be in sound condition.
- (b) When materials used in construction of boilers or parts thereof are offered for tests, he shall record the test results in Form G.
- 60. After each stage examination of a boiler or parts thereof, or of steam receivers, separators, etc., he shall advise the makers on the spot to proceed on to the next stage in their construction provided he is satisfied that the standard of construction does not fall short of the requirements of the regulations.
- 61. In cases where he finds the standard to fall short of requirements of the regulations his findings shall be reported to the Inspecting Authority immediately.

- 62. When radiographic examinations are carried out to parts which require such examination under the regulations the Inspecting Officer in charge of radiographic examination shall personally check up the identification of the film exposed, to the part under examination and record these in his diary and also in Form F.
- 63. He shall also maintain a record in Form F of all rectifications and repairs carried out by the manufacturer to welded seams after radiographic examinations (see regulation 266).
- 64. On completion of a construction of a boiler, parts thereof, steam receivers or separators he shall check up all details and enter particulars in Forms II, III, IIIA or IIIB of the regulations before the signature or countersignature by the Inspecting Authority.

#### DIVISION IV

#### Fees

[See rules 6 and 14(b) of the West Bengal Boilers Rules, 1962]

- 6. (7) Additional fee for inspection or examination on Sundays and certain holidays: (a) Notwithstanding the provisions of clause (3), an additional fee of Rs. 50 shall be charged for:
  - (i) inspection of a boiler,
  - (ii) examination of boilers or parts thereof at an aggregate of three of the stages of construction or less as detailed in Appendix 'J' of the Indian Boiler Regulations,
- (iii) inspection of steam pipes; on a Sunday or on other public holidays under the Negotiable Instruments Act, 1881, provided that such inspection is made at the request of the owner or make of the boiler and with the approval of the Chief Inspector.
- (b) The additional fee charged under sub-clause (a) shall be paid in the manner prescribed in rule 3.
- [Note.—The Inspector who makes the inspection shall be entitled to an allowance equal to half the additional fee so charged.]
- (9) Fees for inspection, examination, testing and certification of boilers and scantlings under construction (as provided for in regulation 395A of the Indian Boiler Regulations, 1950):—
  - (a) The inspection fee for boilers constructed in India shall be calculated on the following basis:
    - (i) at three tilmes the registration fee for a boiler of riveted construction.
  - (ii) at four times the registration fee for a boiler of welded construction.
    Fees for inspections of boiler scantlings and tubes during construction shall be charged as under:
    - (i) up to 10 square feet (0.929 sq. metre) of outside surface—Nil.
    - (ii) above 10 square feet (0.929 sq. metre) of outside surface—one half of the registration fee of the boiler for which the part is intended.
  - Fees for inspection of tubes shall be charged at rupees twenty only per metric ton or a fraction thereof.
  - The manufacturer in addition shall supply free of charge the labour and appliances which may be necessary for such mechanical tests as may be carried out in his premises or those of the steel makers and tube makers in accordance with the standards laid down in the regulations. Failing to find facilities himself for the prescribed tests, the manufacturer shall bear the cost of carrying out these tests elsewhere.
  - (b) Fees for examination and certification of scantlings of boilers, steam pipes, economisers and superheaters during fabrication at site: The fees for such examination and certification for supervision required under clause (b) of regulation 4 shall be equivalent to the fees required for the registration of the boiler.

The owners or erectors shall supply free of charge the labour and appliances which may be necessary for such tests as may be carried out in their premises in accordances with the standards laid down in the regulations. Failing to find facilities themselves for the prescribed tests, they shall bear the cost of carrying out these tests elsewhere.

- (10) (a) Fees for examination of plans of boilers: The fee for the scrutiny of plans under sub-regulation (a) of regulation 393 shall be the scale prescribed in regulation 385, subject to a maximum of Rs. 700 but when a plan which has been scrutinised and in respect of which alterations other than those previously suggested.
- (b) Fees for examination of plans of steam pipes: The fee required under sub-regulation (a) of regulation 395 shall be at the rate of Rs. 5.00 per 30 meters (100 ft.) of piping or part thereof inclusive of all fittings, excepting fittings like de-superheaters, steam receivers, feed heaters and separately fired superheaters. For any fittings like de-superheaters, steam receivers and separators, the fee shall be Rs. 50.00 for each such fitting.
- (c) Fees for examination of steam pipes for grant of certificates in Form IIA of the regulations: A fee equivalent to the registration fee of the boiler or boilers to which the steam pipes are to be fitted shall be charged for the examination of drawings and plans for this purpose (see regulation 394).

(14) Fees for examination and certification of boiler mountings and fittings under manufacture: A fee of Rs. 150 shall be charged for examination and certification of a single lot of boiler mountings of identical size and specifications made from the same cast.

The manufacturer in addition shall supply free of charge the labour and appliances which may be necessary for such mechanical tests as are required under the regulations. Failing to find facilities himself for the prescribed tests, the manufacturer shall bear the cost of carrying out these tests elsewhere.

The charges for the examination of drawings only for mountings and fittings under manufacture shall be one third of the above charges.

- (15) Fees for the examination of steam receivers, separators, etc., under construction for the grant of certificate in Form IIIA of the regulations. The examination fees to be charged in this case shall be as follows:
  - (i) For a vessel up to 600 mm (24") diameter—Rs. 150.
  - (ii) For a vessel over 600 mm (24") diameter—Rs. 240.

The manufacturer shall in addition supply free of charge the labour and appliances which may be necessary for such mechanical tests as are required under the regulations. Failing to find facilities himself for the prescribed tests, the manufacturer shall bear the cost of carrying out these tests elsewhere.

The charges for the examination of drawings only shall be one-third of the above charges.

14. (b) When a certificate in Form II, Form IIIA or endorsement on Form III of the regulations is required for a boiler or scantlings under construction, an application in Form B No. 3 shall be submitted to the Inspecting Authority. Such application shall be accompanied by the Treasury receipt in original obtained on payment of the prescribed fee. In cases where such fees are payable by Government Departments the application shall be accompanied by the accepted book debit voucher for payment of the prescribed fee. On receipt of the application the Inspecting Authority shall send it to the Inspecting Officers concerned with the necessary endorsement by the Cashier showing that all fees including any extra fee chargeable for inspection on a Sunday or other holiday as laid down in clause (7) of rule 6 have been paid. The Inspecting Officer shall fix a date for the commencement of the examination according to the convenience of the makers as stated in their application.

#### PREPARATION FOR EXAMINATION

(See Chapter IX of the Regulations)

### Regulation 376

Preparation for Inspection: (a) At every examination of boiler for the grant of renewal of a certificate, the boiler shall be empty and thoroughly clean in all its parts. Except as provided for in sub-regulations (f) all doors of manholes, handholes and sightholes and cleaning plugs and all caps in the headers and mud drums of water-tube boilers, all firebars, bearers, front plates, bridge plates, firebridges, brick arches, oil fuel burners and mechanical stoker fittings shall be removed. All valves and cocks comprising the boiler mounting shall be opened up and taken apart and the valves or cocks ground, when necessary, before the Inspector's visit.

- (b) Provision shall, if required by the Inspector, be made for the removal of lagging or brick-work or other concealing part and for the drilling of plates, and for verifying the pressure gauge and safety valve dimensions and weights.
- (c) All smoke tubes, exterior of water tubes, smoke boxes, and external flues shall be swept clean.
- (d) Provision shall be made for the effective disconnection of all steam and hot water communication with any other boiler under steam as prescribed in Chapter IXA of these Regulations. This shall be effected either by the removal of a length of pipe from the steam and feed piping or by the insertion of substantial blank flanges. Where blank flanges are employed, they shall be inserted between the flanges of the chest and the pipe attached to it.
- (c) No blank flange shall be inserted between a safety valve chest and the boiler.
- (f) At alternative annual inspections and subject to a minimum of three bottom rows or all tubes subject to the first pass of heat being opened up for inspection, the Inspector may at his discretion relax the preparation for inspection called for under (a) above in favour of boilers having an evaporative capacity of 200,000 lbs. per hour and over, and fed with water treated to the satisfaction of the Inspector.
- (g) In the case of forced flow and forced circulation types of Boilers, provisions shall be made for checking that proper circulation is maintained through all the sections of the circuit by the flow of water.
- 378. Preparation for Hydraulic Test: (a) The chests of all mountings subject to the steam pressure shall be in place and shut tight or blank flanged.
- (b) The safety valves should invariably be removed and the chest opening blank flanged.
  - (c) The attachment for the Inspector's pressure gauge shall be in order.
- (d) All doors shall be properly jointed and tightened up. The boiler shall be completely filled with water, care being taken to allow all air to escape and, if possible, a preliminary test not exceeding the working pressure of the boiler shall be taken before the Inspector's visit, to test the tightness of the joints.
- (e) When a boiler is hydraulically tested for the first time, it shall be entirely cleared of lagging or brickwork; at subsequent tests the lagging or brickwork, or portions thereof, shall be removed if required by the laspecter.

- 5. Use of requisitioned property: A property requisitioned for any of the purposes specified in sub-section (1) of section 29 of the Act may be used for any one or more of the other purposes specified in that sub-section.
- 6. Repairs to requisitioned property: (1) The competent authority may, by order in writing, require any person interested to execute such repairs to the property (being repairs which are necessary and are usually made by owners of properties in the locality in which the requisitioned property is situated) and within such time as may be specified in the order, and if the person interested fails to execute any repairs in pursuance of such order, the competent authority may cause the repairs specified in the order to be executed and the expenses of such repairs shall be deducted from the compensation payable to him so however that the amount to be deducted shall in no case exceed the compensation payable for a month determined in accordance with clause (i) of section 30 of the Act.
- (2) If the competent authority does no! consider it in the public interest to allow entry into the property by the person interested or his agents or workmen for carrying out the requisite repairs, such repairs may be carried out by the competent authority and the expenses thereof shall be deducted from the compensation payable in respect of the property in accordance with sub-rule (1).
- 7. Release from requisition: (1) Where any person to whom the possession of any property to be released from requisition, is to be given, as a second delivery of the property, or cannot be found and has no legal agent or other person empowered to accept delivery on his behalf, the competent authority shall cause a notice declaring that the property is released from requisition, to be served by registered post, at the last known address of such person and a copy of such notice shall at the same time be fixed on some conspicuous part of the property and a purport of the notice shall also be proclaimed by heat of drum or otherwise as the competent authority may consider sufficient. Such property shall cense to be subject to requisition on and from the date of such publication and shall be deemed to have been delivered to the person entitled to the possession thereof and the Central Government shall not be liable for any compensation or other claim in respect of the property for any period after the said date.
- (2) Where any requisitioned property or any material part thereof is wholly destroyed or rendered substantially and permanently unfit for the purpose for which it was requisitioned by reason of fire, earthquake, tempest, flood or violence of any army or of a mob or other irresistible force, the property or any such part thereof, shall, at the option of the competent authority, be deemed to have been released from requisition and the Central Government shall not be liable to restore the same in as good a condition as it was at the time of requisition.
- 8. Compensation: The competent authority shall, as soon as may be after the property has been requisitioned, released from requisition or acquired, as the case may be, determine the compensation payable under section 30 or section 37 of the Act and shall also apportion it where necessary among the persons known or believed to be interested in the property of whom or of whose claim to compensation he has information. Such determination shall be communicated by the competent authority to the person or persons in whose favour the determination has been made.
- 9. Application for arbitration: (1) A person aggrieved by the amount of compensation determined by the competent authority shall, within thirty application in writing to the communication of such determination, make an to an arbitrator stating therein the reasons for his being aggrieved by the amount of compensation so determined.
- (2) Where no such application is made within the period of thirty days aforesaid and the amount of compensation as determined by the competent authority has not been accepted by the person or persons in whose favour the determination has been made, or where there is dispute as to the title compensation, the compensation or as to the apportionment of the amount of court.
- 10. Appointment of arbitrator: (1) On receipt of the application for reference to arbitration or where there is a dispute as to the title to receive the compensation or as to the apportionment of the amount thereof, the competent authority shall appoint as arbitrator a person who is qualified ander clause (2) at article 217 of the Constitution for appointment as a

(2) Any such arbitrator shall complete the arbitration proceedings and give his award within four months:

Provided that the Central Government may, if it thinks fit, enlarge the period for making the award whether the time for making the award has expired or not.

- 11. Change of arbitrator: Where before an arbitrator is able to finish his arbitration proceedings and make his award, a new arbitrator is appointed, the new arbitrator may deal with the evidence taken down by his predecessor as if such evidence had been taken down by him and may proceed with the arbitration proceedings from the stage at which his predecessor left it.
- 12. Arbitrator to have certain powers of civil courts: The arbitrator shall have all the powers of a civil court, while trying a suit under the Code of Civil Procedure, 1908 (5 of 1908), in respect of the following matters, namely:—

### DEPARTMENT OF HEALTH

### Public Health

### NOTIFICATION

No. P.H./8300/2R-68/62.—24th December 1962.—Whereas the Governor is satisfied that the municipal area of Jalpaiguri in the district of Jalpaiguri is threatened with an outbreak of smallpox;

Now, therefore, in exercise of the power conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Governor is pleased to prescribe the following temporary regulations for the prevention and control of smallpox, and for the medical inspection, isolation, observation and surveillance of persons suffering from or suspected of being infected with smallpox in the said municipal area for a period of three months:—

# TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF SMALLPOX

- 1. In these regulations, unless there is anything repugnant in the subject or context:—
  - (a) "Health Officer" means the Health Officer of the municipality;
  - (b) "Sanitary Inspector" means a Sanitary Inspector appointed by the municipality;

- (c) "Smallpox" means any disease accompanied by an eruption of vesicles or pustules;
- (d) "Patient" means a person suffering from or suspected to be suffering from smallpox;
- (e) "Medical practitioner" means any person practising the medical profession.

#### Notices

- 2. If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of smallpox, he may forth with take such steps as he may think fit for carrying out the work and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.
- 3. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations, required to be carried out be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

### Cost and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the person in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

- (2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.
- 5. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

## Location of disease

6. When a case of smallpox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior

male inmate of the house other than patient of the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally of in writing to the nearest Sanitary Inspector. When the inmates of the house are all females, the medical attendant or the senior male inmate of the nearest house shall give the required information.

- 7. (1) Every medical practitioner called in to attend upon any case of smallpox shall forthwith give notice of the case by a special messenger to the Health Officer or a Sanitary Inspector and the cost of such messenger we each case shall be detrayed by the municipality.
- (2) The Doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of smallpox brought to such hospital or dispensary for treatment to a Sanitary Inspector or to the Health Officer by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality.
- 8. Registrars of Births and Deaths shall supply to the Health Officer or a Sanitary Inspector such periodical returns of case of smallpox as he may from time to time call upon them to furnish.
- 9. The Health Officer or a Sanitary Inspector may examine any person who is or suspected to be, suffering from smallpox or who, in his opinion, may be infected with or likely to spread smallpox.

### **Isolation** of patients

10. When the Health Officer or a Sanitary Inspector considers that the solution of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Health Officer or a Sanitary Inspector.

He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein.

- 11. The Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from smallpox, shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the Health Officer or a Sanitary Inspector.
- 12. The Health Officer or a Sanitary Inspector may order any person to be vaccinated or re-vaccinated within a time to be specified in the order
- 13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the Health Officer or a Sanitary Inspector.
- 14. When a patient has been removed from a house for isolation under regulation 10, the municipality shall provide for him free of charge a suitable place with necessary attendants, diet, etc.
- 15. No person, who is or has been suffering from smallpox, shall leave the place where he has been staying until he has received from the Health Officer or a Sanitary Inspector written permission to do so.
- 16. No person while suffering from evident symptoms of smallpox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place—shop, bazar

or any place used in common by persons, other than members of the family or household to which such infected person belongs or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

17. The Health Officer or a Sanitary Inspector may, during the prevalence of any outbreak of smallpox, order that any bazar, shop or other public place shall remain closed for such time as may appear to be necessary and may forbid the holding of any fair, mela or other gathering to which people from several villages commonly or periodically resort.

### Miscellaneous

- 18. The Health Officer or a Sanitary Inspector may require any person to allow to be carried out by such agency and within such time as may be specified in the order, such measures for the disinfection of any premises in the occupation of such person or for the disinfection or destruction of any of his personal effects, as the said officer or inspector may consider necessary.

Steel Workers' Union, Government Colony, clo Shri Amarendra Nath Roy Chowelhuri, Rishra, Hooghly, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by Notification No. 808-I.R.|IR| 3A-2,57, dated the 11th March 1957, for adjudication

#### **Issues**

- 1. Wages-grades and scales.
- 2. Dearness Allowance.
- 3. Froduction Bonus.
- 4. Bonus payable in 1959.

This reference relating to some industrial disputes existing between Messrs. J. K. Steel Ltd., Rishra, Hooghly (hereinafter be referred to as the Company), and their workmen represented by J. K. Steel Mazdoor Union (hereinafter be referred to as the Mazdoor Union) was received from the Government towards the close of the year 1959.

As usual immediately thereafter both parties were summoned to appear and to file their respective written statements which they did though not in time. Parties having completed all other steps the case was fixed for hearing but both parties were anxious for amicable settlement of the disputes. Accordingly adequate opportunities were given to them to settle up amicably all the existing disputes. In the meantime the original order of reference was amended by the Government by an Addendum No. 4652-I.R., dated 28th of July 1961. By this amendment the Government added the name of another Union, viz., J. K. Steel Workers' Union (hereinafter be referred to as the Workers' Union) as a party to the disputes. Thereupon the order of reference was accordingly amended and the normal procedure was followed afresh. Thereafter on 10th October 1961 the Company and the workmen represented by J. K. Steel Mazdoor Union filed a joint petition of compromise in respect of one of the items of disputes, viz., issue No. 4: "Bonus payable in 1959" and embodied the terms in the memorandum of settlement annexed to the said petition. The other Union, namely, the Workers' Union, did not file any objection to the terms of settlement in respect of the bonus dispute which was issue No. 4 in the order of reference. The Company continued their negotiations further with the workmen with a view to bring about settlements of the other disputes also amicably. Eventually settlement was arrived at in respect of all the existing disputes between the Company and the majority of the workmen represented by the J. K. Steel Mazdoor Union which was the sole Union in existence at the origin of the order of the order. of the order of reference. The other Union, namely, the Workers' Union, objected to the terms of settlement on the grounds that they are not very fair and as such they are not acceptable to the members of the said Union. This objecting Union, as I have already observed, came into existence long after the original order of reference. It is admitted in their petition filed on 22nd July 1961 that this Union was registered on 22nd June 1961. The original order

of reference is dated 22nd October 1959. It is ver clear from the affidavits filed by the two rival Union old Union, namely, the Mazdoor Union that the represents majority of the workmen employed by the Company. This fact is not disputed that the members of the old Union, namely, the Mazdor Union, are in overwhelming majority and consider ably larger than the other union of recent growt namely, the Workers' Union. Therefore, the positic is that the workmen in general excepting a small minority agreed to the terms embodied in the memorandum of settlement signed by the representative of the parties on 11th April 1962 and filed before the Tribunal on 12th April 1962. The Labour Con missioner of the Government of West Bengal himse also countersigned this memorandum of settlemen So, there can be no manner of doubt about the bon fides of the terms of settlement of the disputes existing between the Company and their workmen. The Company's notice, dated 8th January 1962, wit Annexure A, B/1 to B/5 and C series do forn part of the memorandum of settlement, dated 11th and 1962. April 1962. As regards issue No. 4 (Bonus payabl in 1959), settlement was arrived at earlier and com promise petition was filed before this Tribunal of 10th October 1961. I have already observed that the new Union, namely, the Workers' Union, did no file any objection to the terms of settlement bein accepted in respect of bonus payable in 1959. have perused the terms of settlement. It has been agreed upon that the workmen shall accept bonu in full and final settlement of their claims in respec of the financial year ending 30th June 1959 at the rate of 25 naye paise of the basic wages earned during the year in question. It was further agreed that the Detailed the said bonus shall commence on 12th October 1961 and shall be completed by the 14th October 1961. Admittedly all the workmen entitled to the bonus have already received the same unconditionally and without any protest. The work men who are members of the Mazdoor Union die not raise any objection at the time of acceptance of the bonus from the Company as per agreement arrived at. So, the said agreement was unquestionably acted upon the members of the Workers' Union not only failed to file any objection to the petition of compromise filed on 10th October 1961 but also on the contrary they voluntarily and without any protest accepted the amount of bonus agreed upon as per terms of settlement, embodied in the memorandum of settlement, dated October 1961. The workmen lodged no 10th protest, nowhere in accepting the amoun of bonus in terms of the settlement arrived at. No only the workmen did not lodge any protest at th time of receiving the bonus from the Company bu also they did not file any objection before this Tribunal regarding the quantum of bonus agreed upon an volutarily received by them in terms of the settlemen arrived at. As to the quantum of bonus, I havalready observed there is nothing unreasonable q unfair and no such complaint has been made befor me on behalf of the workmen. The workmen are th persons who are vitally interested in the disputes They have for all practical purposes accepted the agreed terms regarding the quantum of bonus payable the state of the sta for the year 1959. They unhesitatingly and without any protest received the amount agreed upon whic amount has also been found by me to be fair an reasonable regard being had to the quantum of bond previously awarded in this concern.

Similarly as to the terms agreed upon and incorporated in the 2nd joint petition of compromise, dated 11th April 1962, regarding wages and scales, dearness allowance and production bonus, I find them quite reasonable and fair. According to the terms the new grades and scales of wages and rates of D.A., would be effective from 9th of January 1962. These terms have actually been given effect to from the said date. The Company produced before this Tribunal their books of account and wage register to show that the workers have not only been fixed up in their new grades and scales of wages but they have actually been receiving their wages according to the scales agreed upon. The workers without exception have been receiving the benefits amicably agreed upon and incorporated in the terms of settlement. According to the Company all the workers irrespective of their being members of one Union or the other have been the benefits in terms of the settlement. enjoying Here again, the workmen in accepting their wages and D.A., in terms of the settlement since 9th of January 1962, did not promptly raise any objection either to the Company or to this Tribunal. However, the Workers' Union, which is of recent origin and having small number of workmen as members thereof objected to the terms of settlement being accepted on the allegation that the terms are not very fair and reasonable. I have carefully gone through the grades and scales of wages and the rates of dearness allowance and also the scheme of production bonus amicably agreed upon and incorporated in the amicably agreed annexures to the second joint petition of compromise, dated 12th April 1962, and I have found them to be fair, reasonable and not in any way prejudicial to the interests of the workmen in general. I find little substance in the objection raised by the minority group of workmen represented by the Workers' Union. But as I have already found, inspite of their objection before me they have been unhesitatingly and without any protest receiving the benefits in terms of the settlement arrived at. So, it seems to me that it is not a substantial objection but arising out of party-rivalry and competition inter-Union. The settlement being on fair and reasonable terms, I have no hesitation to accept it and to give it as an extended operation in respect of all workmen irrespective of their membership of the one Union or the other. The agreement was in respect of common matters pertaining to all the employees of the establishment. Therefore, it should be binding on all the workmen of both the Unions. This view finds support in the decision reported in 1962 F.L.R.4 Parts 9 and 10 page 388.

In the result, I accept the terms of settlement incorporated in the memorandum of settlement, dated 10th October 1961, and being an annexure to the joint petition of compromise filed before this Tribunal on the same date, and also in the memorandum of settlement, dated 11th April 1962, signed by the representatives of the Company and the representatives of the workmen represented by the Mazdoor Union and countersigned by the Labour Commissioner to the Government of West Bengal and being an annexure to the joint petition of compromise, dated 12th April 1962, together with the Company's notice, dated 8th of January 1962, and the annexures A, B|1 to B|5 and C series thereto. Accordingly I give an award on compromise in terms of the aforesaid two joint petitions of compromise and the

annexures thereto. Those documents do form part of the award as annexures.

This is my award.

Representatives of Employees: 1. Shri Ram Sen, esident of Union. 2. Shri Dinen Bhattacharji, M.P., ce-President. 3. Shri Jadu Gopal Sen, M.L.A., retary, 4. Shri Manoranjan Roy, General Secrety, B.P.T.U.C.

Nort recital: Whereas some workmen indulged lyarious acts of indisciptine and indulged in strike tween 23rd December and 26th December 1961 whereas in consequence whereof the Management clared a lock-out on 26th December 1961 which

wee lifted as from 9th January 1962, the Management charge-sheeted 108 workmen and suspended 11 workmen pending enquiry. The workmen resorted to strike as a protest against suspension of these eleven men.

Four issues, namely, (i) Wages—Grades and Scales, (ii) Dearness Allowance, (iii) Production Bonus, (iv) Bonus payable in 1959, are pending before the Third Industrial Tribunal, vide Government of West Bengal Order of Reference No. 5047-I.R. IIR 10L-25 58, dated the 22nd October 1959. The Company vide its notice, dated 8th January 1962, announced revised wages, grades and scales and classifications. It also announced revised dearness allowance and production bonus scheme. The issue of bonus payable in 1959 was settled between the J. K. Steel Mazdoor Union and the Company, vide Memorandum of Settlement, dated 10th October 1961. After tripartite and bipartite negotiations, the following agreement has been arrived at which shall remain in force for a period of three years from date and will continue to be in operation until it is terminated by either party by giving two months notice as required under the Industrial Disputes Act.

Terms of settlement: 1. The Union and the workmen agree to call off the strike and all the striking workmen excepting those under suspension shall resume work with immediate effect. The Union and the workmen assure the Management that the workmen shall perform duties diligently and will give and maintain full production. They also agree that they shall not resort to any slow-down and would do their best to increase production. In the Hot Rolling Mill the workmen would give minimum production of 25 to 30 tons of jute baling hoops per shift.

- 2. It is agreed by the Union and the workmen that they would maintain proper discipline in the factory and would observe the Standing Orders of the Company as well as the Code of Discipline. They also undertake not to adopt any indisciplined behaviour, coercive tactics, slow-down for redressal of any grievances but to adopt only constitutional methods. The Management would continue to observe the Code of Discipline.
- 3. It is agreed by the Union and the workmen that they would not raise any demands, issues or disputes for items which are the subject matter of this agreement for the period of this agreement. The Union and the workmen further agree that during the pendency of the agreement they would not raise any other or additional demands, issues or dispute which would mean any financial burden upon the Company except relating to any changes of working conditions unfavourable to the workmen if effected by the Management.
- 4. The Union and the workmen undertake not to have any agitational approach or adopt coercive tactics over the question of annual bonus and would not indulge in slow-down or any other act of indiscipline. It is further agreed that the Union and the workmen would first negotiate with the Management over the question of Annual Bonus and it after mutual negotiations there is no settlement then the Union would take up the matter to Conciliation Officer and adopt constitutional methods over the settlement of this issue.

5. It is agreed by the Union and the workmen that they accept the revised wages, grades and scales and classifications as announced by the Company, vide its notice, dated the 8th January 1962. It is further agreed that the nomenclature of grades announced by the Company, vide its notice, dated 8th January 1962, shall be revised as follows:

It is further agreed that this clause settles the issue No. 1 pending before the Third Industrial Tribunal, vide Government of West Bengal Order of Reference No. 5047-I.R. |IR|10L-25|58, dated 22nd October 1959.

- 6. It is agreed by the Union and the workmen that they accept the Dearness Allowance as announced by the Company, vide its notice, dated 8th January 1962. It is further agreed that this clause settles the issue No. 2 before the Third Industrial Tribunal, vide Government of West Bengal Order of Reference No. 5047-1.R.|1R|10L-25|58, dated 28th October 1959.
- 7. It is agreed by the Union and the workmen that they accept the production bonus schemes as announced by the Company, vide its notice, dated 8th January 1962. It is further agreed between the parties that if after working for two years, workmen find any difficulty in the working of the production bonus schenies, the Union may then approach the Management with their suggestions and the Management agrees to give due consideration to such suggestions, if any. However, the decision of the Management shall be final. It is further agreed between the parties that this clause settles the issue No. 3 pending before the Third Industrial Tribunal, vide Government of West Bengal Order of Reference No. 5047-I.R. IR 10L-25 58, dated 22nd October 1959.
- 8. The dispute over the issue No. 4 over the question of Annual Bonus for the year 1958-59 having already been settled between the Union and the Company, vide Memorandum of Settlement, dated 10th October 1961, already filed before the Third Industrial Tribunal it is agreed between the parties that all the issues before the Third Industrial Tribunal have been settled through this agreement. It is further agreed that the parties shall file a joint petition before the Tribunal.
- 9. It is further agreed between the parties that the workmen will be allowed to resume duties within seven days from the date of the agreement. It is further agreed that any workman not resuming duties within the period allowed would be dealt with in accordance with the Standing Orders of the Company.
- 10. The Union and the workmen have represented to the Management that the workmen, who have been charge-sheeted, but not suspended, are willing to submit written regret for their conduct to the Management praying for not proceeding with the enquiry against their and being excused. At the request of the Union and the workmen the Management agrees that if satisfactory letters of regret are received by the Management from such workmen within three days of resumption of their duties further enquiry into the charge shee's shall not be held and they shall be let off with a warning.

- 11. It is agreed between the parties that following ten workmen, namely:
  - Shri Sital Chandra Ghosh,
     Shri Chittaranjan Rudra,
     Shri Nizamuddin Ansari,
  - 4. Shri Khareshwar Prasad Bajpai, 5. Shri Kanta Prasad Kumbhar, 6. Shri Bampanian Chatterian

     Shri Kamlendu Sengupta,
  - 9. Shri Bimal Kanti Ghoshal, and

10. Shri Deep Narain Ahir, who have been charge-sheeted and are under sust sion on date pending enquiry, shall remain suspen till the enquiries are completed. The Managem agrees to hold enquiries into these charge-sh expeditiously and complete the same within fift working days from the date of resumption of w (after calling off the strike), provided, however, these workmen would present themselves before Enquiry Officer within two days of the resumpt of work and the Union and the workmen co-oper in holding these enquiries properly and expeditiou On the request of the Union and the workmen, Management has agreed that if as a result of th enquiries any workman is found guilty by the Mana ment for which a penalty of dismissal is conside appropriate by the Management, the Managem shall as a special case agree to reduce the punishm of dismissal to thirty days' suspension as penalty lieu of dismissal, provided the workman concer expresses regret in writing to the satisfaction of Management and undertakes to maintain gubehaviour in future and provided further that workman agrees to abide by this punishment of days' suspension and agrees not to raise any dispi with respect to this alternative punishment. It agreed that no consideration will be shown to the in future by the Management in case of any n behaviour or breach of the Standing Orders. the Union agrees to give a written assurance for go behaviour in future in respect of the workmen found guilty to the Company and also agrees not raise any dispute with regard to the penalty of the days' suspension in lieu of dismissal. It is mutua agreed between the parties that this shall in no v be treated as a precedent in future.

- 12. It is agreed that the Company will pay advance equivalent to basic salary of one month each workman after he resumes duty and works a continuous period of seven days. The said advawould be deducted in six equal monthly instalmenthe first deduction to start from the wages for month of May 1962 payable in June 1962.
- 13. It is agreed between the parties that the workmen who have been working with the Compasince 1st January 1961 will be paid an ex-gratia per ment of Rs. 20 per head after the lapse of three monfrom the date of the agreement provided the behavior and the working of each of the workers is found be satisfactory by the Management. It is furth agreed that any workmen found guilty for any offer during the next three months in accordance with provisions of the Standing Orders will not be entitled this payment.

14. It is agreed by the Management on the sperequest of the Union that it will not insist on qualifying period of 240 days' work for eligibility granting statutory leave for the calendar year 19 It is further agreed that this will not be treated a

precedent for future.

15. It is agreed between the parties that the workmen are not entitled to and would not be paid any wages for the strike on 26th December 1961, lock-out from 27th December 1961 to 8th January 1962 and for the strike from 9th January 1962 to the date of resumption of duty by the workmen, and the Union and the workmen would not raise any dispute in this regard before any authority in future.

16. It is agreed that this agreement would remain in operation for a period of three years from date and it would continue to be in operation until it is terminated by either party by giving two months' notice as required by the Industrial Disputes Act.

#### J. K. STEEL LIMITED

#### Notice

7, Council House Street, Calcutta, 8th January 1962.

- 1. The Management, vide its notice, dated the 26th December 1961, had declared lock-out in the J. K. Steel Factory, in consequence of the illegal strike resorted to by the workmen on 26th December 1961 as well as for the reasons, inter alia, enumerated below:
  - (1) Gross indiscipline and insubordination towards departmental officers and supervisory staff and making impossible for them to work in the department and exercise authority.

(2) Illegal strike.

(3) Surrounding and imprisoning of the officers of the Company on 26th December 1961 and using coercion against them.

(4) Continuous slow-down in production.

The Management has since been informed that the workmen were misled and misguided to resort to such acts of indiscipline and misconducts by the officials of the J. K. Steel Mazdoor Union and a handful of mischiefmongers whose aim has always been to create chaos in the factory.

The workmen should have known by now that this Union has been, since its inception, run on unhealthy Trade Union lines and has been trying to spoil the good relationship between the workmen and the Company and has been engaged in anti-national and

anti-social activities.4. The Union has been deliberately violating various clauses of the Code of Discipline by encouraging: code of

8. Careless operation IV(iv) 9. Interference with normal work

10. Insubordination to and insupervisory and sulting managerial staff

5. The Union has been encouraging strikes from time to time. In October 1957 it misled the workmen to resort to sudden, unjustified and unwarranted strike against the written advice of the Deputy Labour

Commissioner (Conciliation Officer) and made the workers to suffer the loss of three days' wages.

6. In June 1959 the Union incited the workmen to refuse to do "acting working" with the result that

one shift had to be closed by the Company for

sometime. 7. In September 1959 the Union misguided and encouraged the workmen to resort to illegal strike against the written advice of the Deputy Labour Commissioner (Conciliation Officer) and even after the following four disputes were referred by the West Bengal Government to the Third Industrial Tribunal, the Union continued the illegal strike even against the written advice given by the Government in October 1959 to the Union to give up the strike, and the Union made the workers suffer loss of wages for 71 days and put the industry and the country to

Wages-Grades and Scales.

considerable loss in production: Wages—Graues and
 Dearness Allowance.

Production Bonus. Bonus Payable in 1959.

8. The Union entered into agreements with the Company but it always failed to honour them. In 1957 in a written agreement an undertaking was given to the effect that in the Hot Rolling Mills minimum production from 25 to 30 tons per shift would be given, but this undertaking was broken on a large number of occasions. In 1959 in the written agreement which was arrived at after 71 days' illegal strike, the Union and the workmen assured the Management that they shall not indulge in or support the violation of Code of Discipline and other statutory provisions and that they will only adopt constitutional methods and machinery for the redressal of any grievances of the workers or for settling disputes or differences between the workers and the Management. In this agreement they also assured the Management that the Union and the workers would not take recourse to any tactics resulting in lose of production and indiscipline either by way of slow-down, strike or otherwise, but the Union and the workmen have acted just contrary to the written assurances they gave in this agreement as it would be seen that the production in the Hot Rolling Mills was lowered down and was kept below 20 tons per shift and in the new mills the production was kept low within the range of 10 to 30 per cent. of the plant capacity.

9. The Management on the other hand has been treating the workmen quite fairly. In 1959 despite the illegal strike for 71 days and the tremendous loss suffered by the Company, the Management agreed to give an increase of Rs. 5 in Dearness Allowance, and although the workmen were not entitled to statutory leave according to the Factories Act for the calendar year 1959 due to the illegal strike, the

Management also agreed to give them statutory leave. Even in cases of gross misconduct the Management has been treating the workmen liniently but instead of appreciating the lenient treatment given by the Management its action was misconstrued and the Union encouraged the workmen to indulge in more and more indiscipline and rowdy-

Despite the deplorable record of the Union, the Management went out of its way to settle the issues before the Tribunal out of court, and although in 1959 when the agreement was arrived at after the strike it was agreed to between the parties that they would sit for settling the disputes the Union did not bother for the same, and it was the Management which took initiative in this matter, and after repeated approaches to the Union leaders the first meeting was held on 27th June 1960. The negotiations were purposely dragged by the Union and on several occasions the sittings had to be postponed or adjourned because the Union leaders were not free or not available to attend. Anyhow, about 20 meetings were held on 27th June, 11th July. 31st August. 9th September, 19th September, 3rd November, 10th November, 14th December 1960, 4th February, 15th March, 15th April, 7th September, 13th September, 4th October, 6th October, 9th October, 1st November, 3rd November, 5th December, and 11th December 1961, and the Management in order to purchase industrial peace went out its way to agree to practically what the Union wanted during these negotiations on the isues of grades, dearness allowance and bonus for the year 1958-59. When the Union found that the settlement was in sight in order to purposely subotage the settlement, the Union misled the workers to resort to illegal strike on 26th December 1961 as well as to surround the officers of the Company and indulge in various kinds of indisci-pline and violence between 23rd and 26th December 1961. The Management was, therefore, left with no other alternative but to declare the lock-out.

11. In view of the above attitude of the Union, the Management cannot hope or expect that such a type of Union could be beneficial to the workmen and be helpful to the maintenance of industrial peace in the factory. The Management strongly feels that the workmen should not be kept misguided by the Union and in the interest of the workmen the management has taken steps to declare the revision of grades, increase in dearness allowance and revision and introduction of production bonus, which have been under discussion with the Union and workmen, and give effect to these benefits without further delay in the best interest of the workmen. The Management has, therefore, decided to give the following benefits with effect from 9th January 1962.

(i) The existing grades will be revised. The

(i) the existing grades will be revised. The revised grades effective from 9th January 1962 are given in Annexure "A".

(ii) The existing dearness allowance will be increased by Rs. 6 per month with effect from 9th January 1962. The dearness allowance will be subject to increase or decrease on the basis of rise or fall in the cost of living index. with 1939 as the base year at Re. 1 for every five points of rise or fall in the average cost of living index. This position will be reviewed by the Management at the end of each financial year of the Company, i.e., 30th June only

on the basis of average of the cost of living index for the calendar year ending prior to the close of the financial year.

- (iii) The existing production bonus scheme in the Hot Rolling Mills is being further liberalised for the benefit of the workmen and the Management has also decided to start production bonus for new items, such as cotton baling hoops and rods, the manufacture of which the Management may take up in the near future. The Management has also decided to introduce production bonus scheme in the new mills, such as cold rolling Mills, wire drawing and ropery Department. These schemes are given in annexures "B1", "B2", "B3", "B4" and "B5"
- (iv) Although the question of classification is entirely the discretion of the Management, yet the Management consulted the Union and workmen with regard to the classifications, and the workmen and the Union more or less accepted these classifications. Enclosure marked "C" gives details of classifications, grades effective from 9th January 1962 and the increase in basic wages and dearness allowance for each workman all of which come into effect from 9th January 1962.
   (v) The Managementt will make those tempo

(v) The Managementt will make those temporary workers who have completed 240 days or more of continuous service as permanent.

- 12. The effect of the above benefits would be that the workmen would get a handsome increase in their total emoluments due to the revision of the grades and due to the increase in dearness allowance. Lists as per annexure "C" show the increase against each workman.
- 13. According to the information available with the Management the majority of the workmen want to work peacefully in the factory and that it is only a handful of mischiefmongers who want to create trouble. Taking all these facts into consideration the Management hereby declares the lifting of the lock-out with effect from 9th January 1962 and requests all the workmen (excepting those under suspension) to resume their duties in their respective shifts with effect from 9th January 1962 starting at 6-00 a.m.
- 14. The benefits that will accrue to the workmen as a result of the revision of grades, increase in dearness allowance and introduction and liberalisation of production bonus schemes will entail a heavy financial burden upon the Company and the Management hopes that the workmen will appreciate the gesture of goodwill shown by the Company and the workmen will work peacefully, will give full production and will maintain complete discipline in the factory.

Note.—(1) The above production figures are based on 26 shifts per month.

(2) The above production figures are for good finished production obtained during the full month.

(3) The above production figures are based on a total reduction of 90 per cent. from raw material to finished wire.

(4) The production of all finished wires will be calculated in the ratio which the total reduction percentage in each case bears to (5) The above rates of production are applicable to both galvanised and ungalvanised finished wires.

(6) The above rates of production bonus are applicable to each shift of wire drawing operation and for distribution amongst all point basis. workers engaged in production (including passing, passing), as a general graph of the saist of the existing machinery facilities and existing method of work. If there is any change in or addition to these, the Management reserves the right to revise the scheme in full or part.

(8) Group 1 comprises of workers on pickling, patenting, wire drawing and galvanising sections of Mill operation.

Group II comprises of workers in die shop and runing maintenance.

#### ANNEXURE "B5" TO NOTICE DATED 9th JANUARY 1962.

#### **Production Bonus Scheme**

Department: Service Departments

- Gas Producer.
- Mechanical Workshop.
- Electrical.
- Civil.
- 5. Laboratory.

#### (A) Gas Producer.

The production bonus for the workmen engaged in the Gas Producer Section for each month will be calculated on the basis of average production bonus payable for that month for the Group I workers of the Cold Rolling Mills and Wire Drawing Departments as follows:-

The production bonus payable to the Group I workers of the Cold Rolling Mills and Wire Drawing The total of Departments will be ascertained first. these production bonus amounts will be calculated and expressed at a percentage of the total basic wages of these Group I workers of the two Departments. The workers of the Gas Producer Department will be entitled for production bonus at a rate of one-third of the above average percentage on the basic wages of the workers of the Gas Producer Department. In all these cases basic wages will be calculated on the basis of the minimum of the grade for each workman.

For J. K. Steel Limited: H. S. Singhania, Director.

### (B) Mechanical Workshop, Electrical Engineering, Civil Engineering and Laboratory.

The production bonus for the workmen of the Mechanical Workshop, Electrical Engineering, Civil Engineering and Laboratory Departments for each month will be calculated on the basis of the average production bonus payable for that month for the Group I workers of the Hot Rolling Mills, Cold Rolling Mills, Wire Drawing and Wire Ropery Departments as follows:

Production bonus payable to the Group I workers of the Hot Rolling Mills, Cold Rolling Mills, Wire Drawing and Wire Rope Departments will be ascertained first. These total production bonus amounts will then be calculated and expressed as a percentage of the total basic wages of these Group I workers of the above 4 departments. The workers of the Mechanical Workshop, Electrical Engineering, Civil Engineering and Laboratory Departments will be entitled for production bonus at a rate of one-third of the above average percentage on the basic wages of the workers of the Mechanical Workshop, Electrical Engineering, Civil Engineering and Laboratory Departments. In all these cases basic wages will be calculated on the basis of the minimum of the grade for each worker.

Note: The distribution of Production Bonus amount amongst the workers of the above Service Departments will be based on point system.

The Bengal Development (Amendment) Bill, 1962.

#### (Clause 2.)

- (b) after sub-section (1), the following sub-sections shall be inserted, namely:—
  - "(1A) If any person refuses to comply with an order of the Collector under sub-section (1) for the construction or maintenance of any channel, the Collector may cause the channel to be constructed or maintained, as the case may be, and may recover the costs thereof from such person.
  - (1B) Notwithstanding anything contained in any other law for the time being in force, no person shall be entitled to claim any compensation for any damage or loss which may be caused as a result of the construction or maintenance of any channel under sub-section (1) or sub-section (1A).";
- (c) in sub-section (2), after the words "that exists on such land", the words "or in any channel constructed thereon under sub-section (1) or sub-section (1A)" shall be inserted.

### STATEMENT OF OBJECTS AND REASONS.

The proposed legislation seeks to empower Government to cause the construction or maintenance of such channels as may be necessary when the owners or occupiers of land unreasonably refuse to allow free passage of water through or over their lands for irrigation purposes. This is considered necessary with a view to speeding up as also to ensure optimum utilisation of irrigation potential already created. The Bill has been drafted with this end in view.

AJOY KUMAR MUKHERJI, Member-in-oharge.

#### NOTIFICATIONS

No. 7195-M.P. -29th December 1962. Whereas the Governor is of opinion that it is necessity and expedient so to do for maintaining the suppply and securing the equitable distribution of electrical energy;

Now, therefore, in exercise of the power conferred by section 22B of the Indian Flectricity Act, 1910 (1X of 1910), the Governor is pleased to make for regulating the supply, distribution, consumption and use of electrical energy, the following order, namely:—

#### Order

On and from the 1st January 1963, no consumer using electrical energy in commercial establishments, shops, cinemahouses, hotels, restaurants or clubs shall use electrical energy

(i) for purposes of illuminated advertisements, or,

- (ii) for lighting shop-windows and shop interiors in excess of the quantum of \(\frac{1}{2}\) watt per square feet of floor area;
- 2. If the supplier of electricity is satisfied that any such consumer has contravened any of the afores iid provisions, it may notwithstanding anything to the contrary contained in any contract, discontinue with the previous sanction of the State Government, the supply of electrical energy to such consumer either permanently or for such period or periods as it may consider necessary:

Provided that the State Government shall not anstron my such discontinuation of supply of electrical energy to any such consumer without giving to such consumer at least three days' notice in writing of its intention so to do and an opportunity of being heard.

By order of the Governor, P. M. DAS GUPTA,

Dv Secv to the Govt of West Bengal.

No. 7197-M.P. 29th December 1962. Whereas the Governor is of opinion that it is necessary and expedient so to do for maintaining the supply and securing the equitable distribution of electrical energey:

Now, therefore, in exercise of the power conferred by section 22B of the Indian Electricity Act, 1910 (IX of 1910), the Governor is pleased to make, for regulating the supply, distribution, consumption and use of electric energy, the following order, namely:

#### Order

On and from the 29th December 1962, and until further orders -

- (a) no new or additional supply of electric energy shall be given to any intending or existing industrial consumers without the prior sanction of the State Government in writing:
- (b) industrial consumers having a load factor less than 50 per cent, shall not use electrical energy for any purpose other than the purposes of operating lights, fans and similar other domestic services on any day between the hours of 5 p.m. and 10 p.m.;

Provided that nothing in this order shall apply to industrial consumers concerned with municipal pumping, railway transport, hospital and other essential services and cinemas.

II. If the supplier of electricity is satisfied that any industrial consumer has contravened any of the provisions of paragraph I, it may, nothwithstanding anything to the contrary contained in any contract, discontinue with the previous sanction of the State Government, the supply of electrical energy to such industrial consumer either permanently or for such period or periods as it may consider necessary:

Provided that the State Government shall not sanction any such discontinuation of supply of electrical energy to any industrial consumer without giving to such industrial consumer at least three days' notice in writing of its intention so to do and an opportunity of being heard.

Explanation: In this order, the expression "Industrial consumer" means a consumer of electrical energy supplied by the Darjeeling Electric Supply Company, Kalimpong Electric Supply Company, Jalpaiguri Electric Supply Company and by the West Bengal State Electricity Board from its electric supply undertaking in the districts of Darjeeling, Jalpaiguri and Cooch Behar, using such energy, inter-alia, for industrial purposes.

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

#### Present:

Shri S. K. RAY,

Judge, Seventh Industrial Tribunal.

For the Union: Shri M. Saha, Advocate.

For the Company: Shri P. Dutta, Solicitor.

#### AWARD

The above dispute over the issue given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, Order No. 826-IR./IR/10L-43(A)/62, dated the 12th March 1962, read with Corrigendum No. 1961-I.R./IR/10L-43(A)/62, dated the 25th May 1962.

#### Issue

 Whether the dismissal of Shri S. Banerjee is justified? To what relief, if any, is he entitled?

The relevant case put forward by the Union on behalf of the concerned worker in the written statement is briefly as follows. The concerned worker, Shri S. Baneriee, was a permanent employee of the Company. He incurred the displeasure of the Management when he started organising a Local Committee of the workers of this Company under the United Contractors' Workers' Union, of which he was an active member. The officials of the Company considered the Trade Union activities of this worker as an affront to them and were on the look out for an opportunity to get rid of him. In pursuance of a conspiracy among the officials, a charge-sheet was

issued against this worker alleging obstruction to workers, attempt to receive illegal gratification and misbehaviour with Shri Mohonka, a partner of the Company. All the charges were categorically denied by the concerned worker. Thereafter, a make-believe enquiry was purported to have been held by the Company and then the workman was dismissed on 2nd January 1962 on the basis of the findings of the i.O., who was no other than the complainant himself. The issue of this worker's dismissal was taken up by the Union at the instance of the workers and the matter was referred to the local Assistant Labour Commissioner, who tried to effect a settlement in the conciliation proceeding, but no settlement could be effected. After all this, the present reference was made for adjudication of the issue. The remedies claimed are reinstatement of the concerned worker in service and payment of his wages for the forced period of unemployment on account of the dismissal.

The Company has filed a pretty long and volu-mous written statement. The relevant case put forminous written statement. The relevant case put forward on behalf of the Company under the issue referred for adjudication may be briefly summarised There is no Union of the workers of this as follows. Company and the United Contractors' Workers' Union has no authority or locus standi to represent the workers and take up his cause. The workers of this Company have not taken up the cause of the concerned worker and they are not at all interested in his case. The workers of this Company are not members of the United Contractors' Workers' Union. The alleged dispute is not, therefore, an industrial dispute within the meaning of section 2K, Industrial Disputes Act. The present reference of the dispute for actindication is not, therefore, maintainable in law and the Government acted without jurisdiction in making the reference and this Tribunal has no jurisdiction to entertain the reference and adjudicate upon it. is pleaded as a preliminary objection.

On merits, the relevant pleas raised by the Company are as follows. On the basis of some report received against the concerned worker, a charge-sheet, dated 25th October 1962, was issued against him with three charges. The first charge was that he had demanded illegal gratification by way of 25 per cent. commission from a supplier of bricks to the Company upon supply of 2,000 bricks on 14th October 1961 and had refused to sign the delivery challan unless the illegal gratification was paid. The second charge was that on 21st October 1961, the concerned worker, Shri S. Banerit, with another worker named Shri Ram Anugrahaya Singh had wilfully obstructed the workers of the Company from attending to their duties and had further threatened Shri Mukti Narayan Tewari, a worker, that he would be beaten if he joined his work and as a result of this action of the concerned worker, the work of the Company was stopped for that day. The third charge was that on 24th Octo-ber 1961, when the concerned worker, Shri S. Banerji, visited the Company's office at Grand Trunk Road, he shouted at and otherwise misbehaved with Shri T. Mohanka, a partner of the Company, and left the office in a very discourteous manner. Shri S. Banerji submitted his reply to the charge-sheet. Thereafter, a proper enquiry was held on 21st, 29th and 30th November 1961, and also on 29th December 1961. Shri S. Banerji the concerned worker, attended the enquiry proceedings and cross-examined Shri Mukti Narayan Tewari, who gave evidence against him. Some other workers were also called as witnesses and they deposed against the concerned worker. After the enquiry, Shri S. Banerji, the concerned worker, was found guilty of two of the charges and upon this finding, he was dismissed from service. It was not a make-believe enquiry, as alleged by the Union in its written statement. The enquiry was held by Shri P. Madan, the Administrative Officer in charge of the Company, and his findings were all just and proper. He made no complaint against the concerned worker and so, it was not a case of the complainant making the enquiry The dismissal of the concerned worker was not malafide or high-handed and it was not a case of unfair labour practice and victimisation and it was not made in violation of the principles of natural justice. Company carries on business as electrical contractors. Shri S. Banerji was at the relevant time employed by the Company as a casual worker in its electrical construction work at A.V.B. Colony, Durgapur. This work commenced in June 1960 and was completed in January 1962. As this work is not in progress now, the concerned worker is not, in any case, entitled to reinstatement. Shri Banerji was not a permanent worker of the Company. •The dismissal of the concerned worker was, therefore, fully justified and he is not entitled to any relief.

The preliminary objection against the maintainability of the present reference on the ground that it is not an industrial dispute and so the Government had no jurisdiction to make the reference under section 10(1), Industrial Disputes Act, as raised in the written statement, was not pressed at the hearing by the learned Solicitor appearing for the Company. He expressly gave up the objection and did not advance any argument upon it. Apart from this position, I am fully satisfied from the evidence on the record that there is a Local Committee of the workers of this Company which is affiliated to the United Contractors' Workers' Union and the matter of dismissal of the concerned worker, which is the subject-matter of the present dispute, was taken up by the Committee and finally by the Union and the Union moved in the matter and sponsored the dispute for the purpose of the present reference. There is evidence to show that the Union took up the matter from the stage of domestic enquiry held by the Company regarding the charge-sheet issued to this worker. It appears from the enquiry proceedings produced by the Company (Ext. A) that Shri M. B. Ganguli, the President of the Union, attended the proceedings of the enquiry on some dates along with the concerned worker and this was allowed by the E.O. P.W. 1 Shri Kalyan Roy, the Joint Secretary of the concerned Union, has proved the formation of the Local Committee of the workers of this Company under the Union. Exhibit 3 proves that on 7th August 1961 the Secretary of the Local Committee of United Contractors' Workers' Union in this Company informed the Assistant Labour Commissioner, Asansol, that the workers of this Company had become members of the Union and also intimated the names of the office-bearers of the Union. This letter also shows that the concerned worker, Shri S. Banerji, became the Secretary of the Union Committee. As against all this evidence on the side of the Union, I am not impressed by the vague oral evidence of the witnesses on the Company's side decreise of the witnesses on the Company's side decreises. pany's side denying the existence of the Union in this Company. Accordingly, I hold that the dispute over the dismissal of the concerned worker became an industrial dispute by reason of the concerned Union, whose membership covers a substantial number of workers of this Company, having sponsored the dispute. Necessarily, I reject the Company's contention that it is an individual dispute not referable for adjudication under section 10(1), Industrial Disputes Act The preliminary objection is, therefore, rejected.

I now come to the merits of the Issue. Substantially it is a case of dismissal of the worker on the basis of a charge-sheet issued to him on the 25th October 1961 and some enquiry held regarding the charge-sheet. It is the common case of both parties that the charge-sheet contained three charges. charges have been briefly indicated in the Union's written statement and they have been elaborately described in the Company's written statement Exhibit 1 is the charge-sheet. In the charge sheet the first charge serially is that on 21st October 1961, this concerned worker along with another obstructed workers at the work site from attending to their duties and that he also threatened a worker named Mukti Narayan Tewari with assault if he attended to his The second charge is that on 14th October 1961 this concerned worker demanded illegal grat: fication from a supplier of bricks to the Company when he supplied a certain quantity of bricks. The third charge is that on 24th October 1961 when the concerned worker visited the office of the Company at G.1. Road he shouted at Shri Mohonka, a partner, and also otherwise misbehaved with him and then left the office in a very discourteous manner. I should record here at once that at the hearing no reliance was placed upon the second charge in the charge-sheet and the Company took up the position that this charge was not at all taken into consideration for dismissing the concerned worker. I have also gone through the whole proceedings of the enquiry [Exts. A and A(1)] and I find that there was no evidence at all in support of this charge and the E.O. also completely absolved him of this charge by his finding, (vide Ext. C) (16). charge relates to the alleged demand of illegal grati gcation on P4th October 1961. So, for the purpose of the present adjudication, this charge is to be ignored altogether. Exhibit C, the recorded findings of the E.O., shows that he found the concerned worker guilty of the other two charges and recommended his dismissal upon these charges. On the basis of these findings, the concerned worker was dismissed by the Company's letter, dated 2nd January 1962 (I xt. 11) When the dismissal is found to be based upon the findings of a domestic enquiry regarding charges made against the concerned worker by issue of a charge sheet, this Tribunal must first of all see whether the domestic enquiry itself was conducted fairly, properly and in accordance with the principles of natural justice. The first point for consideration would be whether the concerned worker was given all reasonable facility and opportunity to defend himself against the charges in respect of which he was found guilty. If no such facility and opportunity were offered to him in the enquiry proceedings, the enquiry must be held to be vitiated, as being against the principles of natural justice and necessarily the findings of the EO must fail and the Tribunal will not be bound to accent the findings. In view of this legal position, I first take up the question whether in the enquiry proceedings proper facility and opportunity for defending himself against the charges of which he was found

guilty were offered to the concerned worker. appears that the enquiry was unduly prolonged and protracted. The enquiry proceedings were held on 21st November 1961, 30th November 1961 and 29th December 1961. The first day's proceedings were attended by the concerned worker, Shri S. Banerji. On this date, Shri Mukti Narayan Tewari was examined and he was cross-examined by Shri S. Banerji. On 21st November 1961 the proceedings were ad-journed to 29th November 1961. On that date, the concerned worker attended with the President of the Union, Shri M. B. Ganguli, and at their request, the proceedings were adjourned to 30th November 1961. On 30th November 1961 both Shri S. Banerji and Shri M. B. Ganguli attended the proceedings and they requested calling of certain witnesses for examination at the enquiry. Five witnesses were named and the first among them was Shri P. Madan, the Administrative Officer in-charge, who was himself holding the enquity Shri Madan declined to give evidence as a witness on the ground that he was not present at the spot at the time of the incident mentioned in the charge-sheet. This was objected to by the concerned worker. The next proceedings were held on 21st December 1961. On this day also, both Shri Banerji and Shri Ganguli were present. Before the proceedings commenced on that date, Shri Banerji raised an objection against the competency of Shri Madan to hold the enquiry on the ground that he was himself the complainant, because he had himself issued the charge-sheet. After this objection, Shri Banerji and Shri Ganguli withdrew from the proceedings and thereafter the proceedings continued ex-parte. In the ex-paric proceedings on 29th December 1961, the examination of Shri Mukti Narayan Tewari continued and was concluded and thereafter some other witnesses were examined in support of charge No. 3 of the charge-sheet. The objection against the competency of Shri Madan to hold the enquiry as raised by the concerned worker, Shri S. Banerji, on 21st December 1961, cannot be upheld. It is in the very nature of a domestic enquiry that it would be held by a responsible officer of the Company and Shri Madan was certainly such an officer. There is no evidence to prove satisfactorily that Shri Madan had any per onal knowledge about the incidents which were the subject-matters of the charges. His evidence is that he issued the charge-sheet after receiving a report from Shri T. Mohonka about the incident of 24th October 1961. Shri T. Mohonka (O.P.W. 1) has also testified that he informed his Administrative Officer about the incident of 24th October 1961 in the office. There is no reason to disbelieve their evidence in this respect. It was quite natural and proper that the Administrative Officer should issue the charge-sheet after receiving the report from Shri 1. Mohonka. The facts being as stated above, it cannot be sull that Shri P. Madan was a complainant in the sense that he complained about facts within his knowledge and which concerned him personally. In view of the aforesaid facts and circumstances, it can quite reassonably be held that Shri P. Madan was fully competent in law to hold the enquiry regarding the chargesheet auginst the concerned worker and the enquiry was not vitiated as being against the principles of natural justice by his being the Enquiring Officer. Next I come to the fact concerning the citation of witnesses by Shri S. Banerji for examination on his behalf before the Enquiring Officer on 30th November 1961. The proceedings of the enquiry, dated 30th

November 1961, show that Shri S. Banerji cited five named witnesses including Shri P. Madan, but Shri P. Madan at once declined to give evidence on the eround that he had no personal knowledge about the matters covered by the charges. I think the refusal of Shri P. Madan to be a witness was not unfair or improper, because he had really no personal knowledge about the incident and he was himself holding the enquiry. But, at the same time, the other witnesses named by the concerned worker should have been called for the purpose of the enquiry. When they were expressly cited as witnesses by the concerned worker, the Enquiring Officer should have given him the opportunity of having the evidence of these witnesses at the enquiry. It is not disputed that the other witnesses cited were all workers of the Company and under its control. For the purpose of a fair according to the principles of and proper enquiry Enquiring Officer should have natural justice, the taken steps for production of these witnesses by the Company so that the concerned worker could have the benefit of their evidence according to his prayer. When the witnesses were under the control of the Company, it was for the Enquiring Officer to secure the production of these witnesses by the Company whose responsibility it was to produce them. The concerned worker was thus deprived of the opportunity to examine witnesses cited by him in course of the enquiry and this was a very serious lacuna which vitiated the enquiry itself. This is the decision made by Hon'ble Justice Shri B. M. Banerji of the Calcutta High Court upon similar facts in the case of Nityananda Ghosh versus Khanna (B.C.) and others [1962(II) L.L.J., page 441]. It is significant to note here that the Enquiring Officer did not record any reason for refusing to examine the witnesses cited by the concerned worker except himself and did not aso take any step for production of the witnesses. In view of this position, I hold that the enquiry offended against the principle of natural justice inasmuch as the concerned worker was deprived of the natural and legal right of having the witnesses cited by him examined at the enquiry. As the enquiry itself is found to be vitiated and against the principle of natural justice, the findings of the enquiry must also be held to be vitiated and unacceptable. In view of this position, the dismissal of the concerned worker in so far as it is based upon the findings of the enquiry must be held to be untenable and unjustified.

I now come to the next legal position. It is that even if the enquiry and the findings of the Enquiring Officer were vitiated as offending against the principle of natural justice, it is still open to this Tribunal to go independently into the merits of the dismissal upon the evidence produced before it and decide for itself whether the dismissal was justified or not according to industrial law and principles of natural justice. The assue of dismissal becomes open for decision by this Tribunal. I now proceed to decide whether the dismissal of the concerned worker was justified or not upon the evidence produced before me.

I may say at once that I am not satisfied upon the evidence produced before me that the first charge of the charge-sheet relating to the alleged incident of 21st October 1961 has been satisfactorily established. The charge is that this concerned worker along with another person wilfully obstructed workers at the site from attending to their duties and threatened Shri

Mukti Narayan Tewari with assault if he joined his duties. Shri Mukti Narayan Tewari has not been examined before this Tribunal. Shri N. K. Verna, who is employed as Site in-charge of A.V.B. Colony work, has spoken about stoppage of work in the Colony on 21st October 1961. It is not disputed that the Company's work was going on in this colony  $\sigma_{\theta}$ that date and it was the work of electrification, the Company being engaged in the business of doing electrification work as contractors. But Shri N. k. Verma has next stated clearly that Shri S. Banerji did not come to work on that day. If Shri S. Baneriji did not come to work on that day at all, he could not certainly obstruct willing workers at the work site from doing any work. Shri N. K. Verma has not said a word about Shri S. Banerji having obstructed any worker from doing work on 21st October 1961 So, his evidence does not prove the charge of obstruction to workers of the Company at the work site on 21st October 1961. O.P.W. 4 Shri Guru Bachan Singh was at the relevant time working as Cable Jointer at the A.V.B. Colony under the concerned worker, Shri S. Bancrii, who was the Supervisor. He has not also said a single word about Shri Banerµ having obstructed any worker from doing his duty on 21st October 1961. All that he has stated is that he cannot say if there was work in the A.V.B. Colony on 21st October 1961. No other witness of the Company has testified from his personal knowledge about the alleged incident of 21st October 1961. None of the other witnesses is competent to prove the incident because none of them has said that he was present at the work site on 21st October 1961. On the other hand, Shri P. Madan (O.P.W. 2), the Administrative Officer, has said clearly that there was no break-down of their work at A.V.B. Colony at any time. It further appears from the evidence that Shri Mukli Narayan Tewari, whom the concerned worker is said to have threatened on 21st October 1961 for dissuading him from work, was himself charge-sheeted on 22rd October 1961 for having absented himself from duty without permission on 21st October 1961 (Ext 9), but the charge-sheet was not proceeded with and was finally withdrawn. After carefully considering the entire evidence bearing on the charge No. 1 of the charge-sheet, I hold that this charge against the concerned worker has not been established and his dismissal upon this charge cannot be justified. In fact, this charge was not taken seriously by the Company itself. Shri T. Mohonka, a partner of the Company. has clearly admitted in his evidence that this worker was ultimately dismissed for rude and insulting behaviour to him and he did not know of any other reason for his dismissal.

I now take up the third charge of the charge-sheet for consideration on merits. It relates to the incident of 24th October 1961. The charge is that when he visited the office of the Company at G.T. Road on that day, he shouted at Shri Mohonka and also otherwise misbehaved with him and then left the office of a most discourteous manner. In short, this is a charge of misconduct arising out of indisciplined and insubordinate behaviour towards a superior officer and an authority of the Company. The Company's case is that the concerned worker, who was then employed as Supervisor of the electrification work of A V B Colony, was asked to submit his measurement reports to the office for the purpose of sending the bills of the Company to the Calcutta office, but he failed and

neglected to send the measurement reports and so he was called to the office both by Shri P. Madan by the written note, dated 24th October 1961 (Ext. 6), and by Shri T. Mohonka by his letter of the scare done (Ext. B) and so, he came to the office on 24th October 1961 and had some talks with Shri Mohooka in presence of another clerk, who was sitting in the same room with Shri Mohonka and in course of the talks, the concerned worker on being asked why he was not sending the measurement reports which were holds up the submission of bills by the Company thated up and shouted at Shri Mohonka and used oftensive language and finally left the office shouting and in a very discourteous manner. Shri Tarachand Mohonka (O.P.W. 1) and Shri D. P. Chatterjee (O.P.W. 5), the clerk who is said to have been sitting in the same room with Shri T. Mohonka at the time of the allered occurrence, are the two witnesses who have directly testified to the alleged occurrence. Shri D. P. Chatterjee works under Messrs Durgapur Auto mobiles, an allied concern, of which Shri T Mohonka is the proprietor. He sits in the same room with Shir T. Mohonka in the front portion of the office building of both the concerns, Messrs. Techno Electric Corporation and Messrs. Dutgapur Automobiles. I see no reason to disbelieve their direct testimonic, regarding the occurrence of 24th October 1961. Mohonka has said that just as he asked him why he was not sending the measurement reports which were holding up the submission of the Company's bills, he began shouting at him and used offensive language such as "I will teach you", "I will show you who am I" and then he left the office. O.P.W. 5 Shu D. P. Chatterjee has substantially corroborated him by saying that when he was doing his own account work, he heard Shri S. Banerji talking with Shri Mohonka and about 20|25 minutes later, the conversation rose to a high pitch and Shri S. Banerji taised shouts and finally he suddenly rose from the chair and said. "Alright, I will show you what I can do" and then Exhibit B, the letter whereby left the office in rage. Shri S. Bancrij was called to the office, clearly refers to the fact that he had been asked to subnut measurements of cables laid by him about two weeks before but he had failed to submit the measurements and again a memo was sent about a week before without any response from him. It appears that this letter which bears the signature of Shri Banerii in token of receipt was not sufficient to bring him to the office, but Shri Madan had again to hand him over a chit, Ext. 6, at the work site to secure his presence at the Shri Madan's evidence is that he asked Shri Banerji to come to office in connection with the nonsubmission of measurement reports by him, but he demanded a written note and so, this written note was handed over to him. I see no reason to disbelieve Shri Madan's evidence on this point. It appears the Ext. 6 was hurriedly written upon a paper which Shri Madan could get hold of at the site. This is his evi dence also. It is significant to note in this connection that Shri S. Banerji, the concerned worker, did not send any written reply to the letter, dated 24th October 1961, which was undoubtedly received by him, lenying that he had been defaulting or neglecting to submit the measurement reports asked for from han for the Company's work, as referred to in that letter. It is quite clear from the evidence that Shri S. Banerji was called to the office for personal talks about his apparent default in submitting measurement

reports called for from him for urgent work of the Company. It is not disputed that Shri Banerji went to the Company's office at G.T. Road to see Shri T. Mohanka on 24th October 1961 at about 3 or 3-30 p. b. and there were some talks between them. Shri S. Banerii has tried to make out that. Shri Madan was also present when he went to see Shri Mohonka in the office. Shri Madan has denied this and his evidence is that be was sitting in a room at the back portion of the building which had no communication with the room in the front portion where Shri Mohonka was sitting and this means that it was not possible to see or hear what was going on in Shri T. Mohonka's room from Shri Madan's room. 1 see no reason to disbelieve Shri Madan's evidence on this point. Shi S. Banerji's version of the occurrence which took place in Shri Mohonka's office room is that in course of the talks, he was threatened by Shri Madan and Shri Mohonka, who said that they would see what sort of a leader he had become and he would be placed in the hands of the police. As between two conflicting versions of the occurrence of 24th October 1961 given by Shri S. Banerji on the one hand and Shir Mohonka and Shri D. P. Chatterjee on the other, I prefer to believe and accept the evidence of Shri Moboul a and Shri D. P. Chatterice and I hold that on being asked about the reason for non-submission of the measurement reports called for from him, Shri Banerji began to shout at Shri Mohonka and used offensive and intemperate language and acted in indisciplined and insubordinate manner. He clearly flouted the authority of Shri T. Mohonka, his employer, when he was asked about some dereliction of duty on his part. This conduct certainly amounted to gross misconduct on the part of Shri S. Banerii. Lam not impressed by the case put forward on behalf of Shri S. Banerji that the authorities of the Company had been nursing a grudge against him, because he bad formed a Committee of United Contractors' Workers' Union in this Company and had become its Secretary and had submitted a charter of demands to the Company on behalf of the workers. No doubt Ext. 3 shows that a Committee of the Union was formed in this Company and Shri S. Banery became the Secretary of the Union Committee and this fact was notified to the Assistant Labour Commissioner and also to the Company on 7th August 1961 (vide Ext. 3), and on the same day, a charter of demands (Ext. 4) was submitted to the Company on behalf of the workers by Shri S. Baneth as Secretary. It has been denied on behalf of the Company that any notice about the formation of the Union Committee or any charter of demands was sent to a 1 shibits 3 and 4 are copies of the notice and the charter of demands respectively. It may be taken that in the natural course of things. such letters were sent to the Company, but there is no re 80% to suppose, much less to bold judicially, that simply because of these two letters, the Company came to purse a grudge against thi worker and was on the look out for an opportunity to get rid of him. Even assuming that the charter of demands was being considered by the local Assistant Labour Commissioner, there is nothing to show that any definite missioner, there is nothing to show that any definite action was taken by the Assistant Labour Commissioner on the basis of the charter of demands against the interests of the Company. Exhibit 5 shows that on 24th October 1961 Shri S. Banerji applied for leave on 25th October 1961 for seeing

the Assistant Labour Commissioner, Asansol, at his office. It might be that Shri S. Banerji wanted to see the Assistant Labour Commissioner in connection with some Union matters or in connection with the charter of demands. Shri Madan dealt with the leave application and he sanctioned the leave, subject to production of a certificate from the Assistant Labour Commissioner. Presumably, Shri Madan wanted to be satisfied that the leave was asked for on bonafide grounds. This was certainly not unnatural or improper. It was in accordance with ordinary office procedure. The point to be noted is that his leave was not refused. The occurrence which was the subject-matter of the third charge in the charge-sheet, took place in the afternoon. I am unable to believe the uncorroborated evidence of Shri S. Banerji that after he submitted his leave application, he was called to the office and when he went there, he was threatened and his leave application was thrown away. In any case, the manner in which the leave application was dealt with could not be a reasonable ground for making a grievance by Shri S. Bancrii. It is to be noted that according to Ext. 4, the charter of demands was submitted to the Company on 7th August 1961. There is no evidence to show that the Company subjected him to any sort of ill-treatment or hardship since or shortly after that date. He went on doing his normal duties up to 24th October 1961, for more than two months. This naturally shows for more than two months. that the charter of demands had nothing to do with any hardening of the Company's attitude against this worker or any attempt at his victimisation. The occurrence of 24th October 1961 cannot be reasonably connected with the submission of the charter of demands. After considering the entire evidence and the circumstances of the case discussed above, I have no hesitation to hold that the occurrence of 24th October 1961 really arose out of the demands for submission of measurement reports from Shri S. Banerji, who had failed and neglected to submit the reports inspite of verbal demands and he was called to the office on that day for discussion about this matter. It was not unnatural that being definitely charged with non-submission of measurement reports and asked about its reason, he took up a deflant and insubordinate attitude and then conducted himself in a manner as testified to by Shri T. Mohonka and Shri D. P. Chatterjee. Shri S Banerji had certainly no reason or justification for defaulting and neglecting to submit the measurement reports which were urgently necessary for submission of the Company's bills and Shri T. Mohonka was fully justified in calling him to the office for demanding an explanation about the matter, which concerned the performance of his official duties. I am satisfied on a consideration of the entire facts and circumstances bearing on the occurrence of 24th October 1961 and including the charter of demands, dated 7th August 1961, and his leave application, dated 24th October 1961, that Shri Mohonka or Shri Madan did not harbour any grudge or motive of victimisation against this worker, except that they wanted an explanation from him as to why he had failed and neglected to perform his official duties and when he was called to the office of Shri Mohonka for such explanation, he took up a defiant attitude and thereafter in course of the conversation, he used offensive and insulting language to Shri Mohonka, as testified to by Shri Mohonka and Shri D. P. Chatterjee. His conduct was certainly subver-

sive of official authority of Shri Mohonka and discipline in the office and so, he was guilty of gross misconduct. Dismissal from service cannot be said to be an unjust or improper action against a worker guilty of such misconduct. In the result, I hold upon an independent examination of the evidence produced before me in connection with the occurrence of 24th October 1961, that Shri S. Banerji was guilty of gross misconduct by defiantly flouting the authority of Shri T. Mohonka and using offensive language to him when he was asked about the non-submission of measurement reports, which it was his duty to submit, and for such misconduct, he certainly merited the punishment of dismissal and his dismissal on this ground was not motivated by victimisation on the part of the Company and was not an unfair labour practice. The Company was certainly within its legal rights in dismissing a worker for such conduct. This is my independent decision on the merits of the dismissal of the concerned worker on the charge of misconduct in office on 24th October 1961.

In the result, I hold that the dismissal of Shri S. Banerji on the ground of misconduct in connection with the occurrence in the office of Shri T. Mohonka on 24th October 1961 was justified and consequently, he is not entitled to any relief, though the other two grounds for his dismissal have not been substantiated. I award accordingly.

This reference under section 10 of the Industrial Disputes Act is in respect of termination of employment of 45 workmen of Messrs. M. L. Bose & Co. Pvt. Ltd. (hereinafter called the Company) of 14 Jagannath Dutta Lane, Calcutta-9.

The workmen are represented by M. L. Bose & Co. Employees' Union (hereinafter called the Union). The case of the Union is as follows:—

The workmen of the Company formed a Union in January 1957 and submitted a charter of demands soon after the formation of the Union. The Company on receipt of the charter of demands began to exert pressure on the workmen asking them to give up their connection with the Union. The workmen ignored the threats and the Company therefore wrongfully dismissed 47 workmen, i.e., almost all the workmen of the Company, including the workmen under reference. An industrial dispute was raised and the dispute was referred for adjudication to the Third Industrial Tribunal in September 1957. The said Tribunal by its award published in the Official Gazette in December 1958 found that the workmen had been wrongfully dismissed and directed the Company to reinstate all the workmen with continuity of service and pay compensation equivalent to one-third of their total emoluments for the period from the date of their dismissal till the date of re-instatement. The Company preferred an appeal to the Supreme Court against the award passed by the Third Industrial Tribunal. The Hon'ble Supreme Court, after hearing, dismissed the appeal with costs in March 1960. The Union since the disposal of the appeal demanded implementation of the award and the Company on 4th May 1960, wrote to the work-men individually and also to the President of the Union directing the workmen to report for duty on 16th May 1960. The workmen accordingly came to the factory gate at 8 a.m. on 16th May 1960 but found the gate closed from inside. An officer of the Company told them to come back at 4 p.m. and when the workmen again assembled at the gate at 4 p.m. on that day, they were asked to come next day at 8 am. It is alleged that the workmen were never allowed to get inside the factory and they were never permitted to resume work. This went on for a number of days when everyday the workmen assembled at the gate at 8 a.m. and 4 p.m. to find the gate closed. The workmen of the Company and the Union ascertained that the Company was not prepared to reinstate the workmen and permit them to do any work in the factory. The Union then wrote to the

Labour Commissioner apprising him of the situation on 2nd June 1960, till which date the workmen had been assembling at the factory gate twice a day in the morning and afternoon. The Company issued charge-sheets against 13 of the workmen falsely altering that they were guilty of misconduct. The workmen replied that false charges had been made against them when not a single workman under reference had ever been permitted to resume work in the factory. Then on 11th June 1960, the Company issued charge-sheets against the remaining workmen numbering 30 alleging misconduct. These workmen also gave similar replies as given earlier by the 13 workmen who had already been charge-sheeted on 2nd June 1960. In the meantine the Company offered the workmen fifteen days' wages without making any payment of full wages from January 1959 and compensation for the period from the date of dismissal till the publication of the award of the Third Industrial Tribunal in December 1958. Thereafter, the Company purported to hold enquiries against the charge-sheeted workmen inside the factory building. The workmen did not agree to go inside the factory only for the purpose of attending the enquiries when they were never allowed before to to inside the factory to resume work. workmen therefore demanded that the enquiries might be held outside the factory gate. Some days after that the Company informed the workmen and the Union that the employment of the workmen under reference had been terminated. The Union's case in short is that the Company did not implement the award and in order to deprive the workmen under reference in getting the benefits under the award it made a show of implementing the award and then terminated the services of the workmen on the pretext that all the workmen under reference were guilty of misconduct, although the workmen had never been reinstated in service or paid any arrear of pay or compensation or permitted to do any work in the factory. The Union therefore prays that the Company may be directed to reinstate all the workmen under reference with continuity of service and pay the compensation and arreas of wages up to

The Company filed a written statement. It is the case of the Company that an industrial dispute was raised by the Union, that the dispute referred to for adjadication was disposed of by an award by the third Industrial Tribunal in favour of the workmen with direction to reinstate them and pay them compensation equivalent to one-third of the total emoluments from the date of dismissal till the date of temstacement. The Company further admits that it took the matter in appeal before the Hon'ble Supreme Court but the appeal was dismissed. The Company then makes the following case:

The Company wrote to the Union and to all the work nen under reference individually on 4th May 1960 asking the dismissed workmen to report for one and to resume work on and from 16th May 1960. The workmen came at the gate at 8 a.m. of 16th May 1960 in a big procession carrying flagand shouting slogans and they all assembled at the factory gate. The Company opened the gate and all the workmen under reference entered the factory. The Chief Supervisor directed the Junior Supervisor to distribute work to the workmen under reference

after their attendance had been recorded. The Company alleges that the workmen; instead of doing any work given to them, began to cut jokes, tease the Supervisors uttering abusive languages and words against them and the Directors of the Company and that they then left the factory after half-an-hour without doing any work. The workmen again came back inside the factory at 4 p.m. and refused to do They remained in the factory for some time and left the factory after giving attendance. From then on the workmen came inside the factory twice a day, gave attendance, did no work and left each time within half-an-hour of their arrival and so long they remained at the factory they hurled abuse at the Directors and the members of the staff. Finding that the workmen were bent upon abusing the Directors and staff and doing no work in spite of repeated requests of the management, the Company was comnelled to issue charge-sheets against workmen who were found to be the ringleaders and who were inciting all the workmen to refrain from doing any work in the factory. The 13 workmen who had been charge-sheeted gave their replies and although they came on the date of the enquiries they refused to come inside the factory and demanded that the enquiries should be held outside the gate. This proposal the Company was unable to accept. The Company again requested the workers to come inside and attend the enquiries and they were given some time to consider their decision. The workers in spite of request of the management refused to come inside the factory and the enquiries were held ex-parte against the 13 workmen who had been charge-sheeted on 2nd June 1960. As there was no change or improvement in the situation the Company was left with no other option but to issue chargesheets against the remaining workmen. These thirty workmen who had been charge-sheeted gave replies to the charge-sheets and they also refused to come inside the factory to attend the enquiries, and the enquiries had to be held ex-parte against them. The Company having found the workmen guilty of misconduct decided to dismiss them and suspended them pending disposal of its application under section 33(1) of the Industrial Disputes Act by the Conciliation Officer. The Company denies that the award was not implemented and it submits that as the workmen were found guilty of misconduct after holding proper enquiries, the workmen are not entitled to any relief. The Company contends that there was no termination of service of any of the workmen under reference in view of the fact that application for permission to dismiss the workmen is still pending before the Conciliation Officer, and as such the question of justification or otherwise of the alleged termination of services does not arise at all. The Company further contends that there being no existence of the M. L. Bose & Co. Employees' Union as "not a single workman mentioned in 'the order of reference and or existing workmen of the factory are members of the Union, the case represented through the alleged Union is illegal and the reference should be rejected." The parties submit that workman, serial No. 6 Dippu Shaw, is dead and workman, serial No. 8 Brindaban Das, left for good and both parties pray that their case be left out of considera-The present dispute is now therefore between the Company and the Union representing 43 workmen-serial Nos. 6 and 8 are left out.

#### Decision

I will first take up the question raised by the Company whether the Union is in existence. It is not within the scope of this adjudication if the Union is carrying on its activities according to the provisions of the Trade Union Act and Rules made thereunder. It is not denied that M. L. Bose & Co. Limplovees Union is a registered Trade Union and the management of the Company has all along been in correspondence with the Union relating to dispute demands, etc., between the employees and the Company. This means that the Company accepted the position that the Union has authority to represent the employees' Union is in existence and it has every authority to represent the workmen of the Company in this dispute.

question for consideration is whether The next the reference is maintainable in view of he fact that the Company filed an application under section 33(1) of the Industrial Disputes Act to the Conciliation Officer for permission to dismiss the 43 workmen under reference, which 'application is still pending disposal. In answering this question, it has to be seen what conciliation proceeding was pending before the Conciliation Officer and if that conciliation proceeding was in regard to any matter or misconduct connected with this dispute. The Union by its letter Ext. 1(e), dated 4th May 1960, wrote to the Government that after the Supreme Court appeal against the award passed by the Third Industrial Tribunal had been disposed of in favour of the workmen, the Company was not implementing the award. This was, in fact, a complaint made by the Union to the Labour Commissioner alleging nonimplementation of the award by the Company. This matter was pending before the Conciliation Officer. The matter therefore pending before the Conciliation Officer could not be considered to be one in respect of a misconduct connected with this dispute within the meaning of section 33(1) (b) of the Industrial Disputes Act. This being the case, the Company's application under section 33(1) was misconceived and it was unnecessary and the decision arrived at by the Company to dismiss the 43 workmen under reference and the order of suspension of the work men without pay from the date of that decision was virtually an order of termination of service of all the 43 workmen under reference. That being the case the reference must be considered to be maintainable and the dispute can be adjudicated upon by the Tribunal.

I will now enter into the merits of the case. It is in evidence that the Company employed in all about 50 workmen to work in the factory. Beside the factory workers, the Company employs thresupervisors and 20 members of the office staff (vide deposition of O.P.W. 4—a Supervisor). There were number of old hands amongst the 50 workmen of the Company. It has been proved by the Union that he workmen formed the M. L. Bose & Co. Employees Union in January 1957 and it is in evidence, that the Union submitted a charter of demands to the management soon after the formation of the Union. It is an admitted fact that the Company lismissed 47 workmen out of the total strength of

50 workmen sometime in 1957, i.e., soon after the union had been formed. A dispute was referred by the Government to the Third Industrial Tribunal for adjudication in respect of the orders of dismissal of the 47 workmen and the said Tribunal by its award published in the "Calcutta Gazette" in December 1958 found that the 47 workmen had been worngfully dismissed and the Tribunal directed the Company to reinstate the workmen with continuity of service and to pay compensation to the workmen during the period of their unemployment. The Company preferred an appeal before the Hon'ble Supreme Court and the Hon'ble Supreme Court and the Hon'ble Supreme Court and dismissed the appeal with costs. The appeal was disposed of sometime in March 1960.

The Union alleges that the Company never implemented the award either by reinstating the dismissed workmen and giving them work in the factory or by paying the compensation and arrear of wages. The Union wrote a letter to the Government on 4th May 1960 [Ext. 1(e)] stating that the Company had not implemented the award. Prior to this and immediately after the Third Tribunal award had been published in the Official Gazette in December 1958, the Union wrote to the Company on 2nd January 1959 requesting the latter to reinstate the workmen and pay them compensation (Ext. 1). There was an appeal to the Honble Supreme Court by the Company and I have already said that the Supreme Court appeal was disposed of in March 1960. Since the disposal of the appeal, the Union wrote three letters to the Company (Exts. 1-b, 1-c and 1-d). The Company replied on 6th April 1960 that it was waiting for the copy of the judgment of the Supreme Court appeal (Ext. A). The Company then wrote to the President of the Union on 4th May 1960 that the workmen would be reinstated on 16th May 1960 (Ext. B). On the same day, the Company informed the workmen by Ext. D that they should report for duty at the Company's factory in the morning of 16th May 1960. The Union admits receipts of these notices.

It is the common case of the parties that the workmen -43 in number—came to the factory gate at 8 a.m. on 16th May 1960. The Union alleges that these workmen were not permitted to get inside the factory to resume work and they were asked to come again at 4 p.m. on that day, that the workmen assembled at the factory gate at 4 p.m. but this time also they were not allowed entrance to the factory and were not permitted to resume work and that since then they were asked to come at the factory gate twice everyday, i.e., at 8 a.m. and 4 p.m. Union states that the workmen in the hope of getting permission to resume work assembled at the factory gate according to the Company's directions twice a day, i.e., in the morning and in the afternoon, but the workmen were neither reinstated nor paid compensation or arrears of wages and were not permitted to do any work. The Company alleges that at about 8 a.m. on 16th May 1960 the worknien who were to be reinstated came in a procession, carrying flags and shouting slogans and assembled at the factory pate, that they were permitted to come inside the factory and their attendance was recorded by the Chief Supervisor Shri Jitendra Nath Dutta, that the Supervisor distributed works to these workmen, but

the workmen instead of doing any work sat idle for about half-an-hour making annoying remarks against the Directors and the members of the staff and ther left the factory, that they again came at 4 p.m. and adopted the same tactics as adopted in the morning and left at 4 p.m. after giving attendance but without doing any work and that the reinstated workmen went on behaving like this till the end of May 1960. The Company further alleges that finding the workers' adament attitude it wrote to the President of the Union on 20th May 1960 (Ext. E) that the reinstated workmen refused to enter into the factory in spite of Company's requests and directions, that the Company then displayed a notice in the Company's notice board on 30th May 1960 (Ext. H) asking the workmen to do work and not to six idle during the working hours and that the Company then sent a letter on that date (Ext. C) to the Labour Commissioner giving the Company's version of the matter.

it has now to be ascertained which of the allegations is true—the Union's allegation that the Company neither reinstated nor permitted the workmen to resume work from 16th May 1960, or the Company's allegation that the workmen were reinstated on 16th May 1960 and that they refused to do any work in the Company's factory in spite of work being distributed to each of them and in spite of repeated requests and directions of the Manager and the Supervisors.

In considering the present case of the Company and the Union I have to look back to the history of the dispute between the Company and the workmen I have already referred to the evidence of O.P.W. 4 that the Company employed only 50 workmen in its factory. It is not denied that the workmen tormed the Union in early 1957 and that they submitted a charter of demands soon after that. It is a fact that the Company dismissed 47 workmen, i.e., atmost all the workmen of the Company in 1957 and when this dispute relating to the dismissal was adjudicated upon by the Third Industrial Tribunal. it was found for a fact that the workmen had been wrongfully dismissed. The Company did not immediately implement the award but preferred an appeal to the Hon'ble Supreme Court. The appeal was disposed of in March 1960 upholding the findings of the Third Industrial Tribunal and dismissing the appeal with costs. Since April 1960 the Union was demanding implementation of the award by the Company. I have referred to the notices given by the Company on 4th May 1960 to the workmen and the President of the Union informing them that the dismissed workmen would be reinstated on 16th May 1960 (Exts. B and D). It is also a fact that the Company informed the Officer-in-Charge of Beliaghata police-station that the Company was reinstating the workmen on 16th May 1960. It appears from the letter of the Union addressed to the Company on 16th May 1960 (Ext. 1-f) that the President of the union stated as follows:-

"My information goes that you are making a show of implementation of the order of the Supreme Court in order to save yourself from the clutches of law and thereafter you have determined to victimise the workers concerned on some false and concocted ground through your agent and then discharge them on false, frivolous and fictitious charge-sheets in order to by pass the orders of the Hon'ble Supreme Court.

It will be a matter of great regret and an unfair labour practice as well if my information is proved correct."

It is an admitted fact that the workmen came and assembled at the factory gate at 8 a.m. on 16th May 1960. The Company alieges that the workmen came in a procession carrying flags and shouting slogans. It is in evidence that the workmen did carry flags and I will believe that they must have shouted slogans, but all these happened on public road. Carrying of flags and shouting of slogans in a procession of workmen were not prohibited so long the workmen did not cause breach of peace. The Company sent one copy of the notice (Ext. D) to the workmen and copies to the Officer-in-Charge, Beliaghata police-station, and another copy to the Deputy Commissioner of Police, North Division. This means that the Company expected that the workmen who were going to be reinstated might create troubles and cause serious disturbances in the factory, but it is not now the case of any party that there was any breach of the peace or any trouble whatsoever requiring police action or interference. The workers therefore must have been peaceful with no intention of causing any trouble or disturbance. All that can be said is that the workmen were jubilant that they had succeeded in getting an order for reinstatement and for compensation. There might have been expression of jubilation but no manifestation of any provocation. It is to be considered in this context whether the Union's allegation that the workmen found the factory gate closed from inside when they came to report for duty at 8 a.m. on 16th May 1960 is true. It is the Company's case that after the workmen had assembled at the factory gate at 8 a.m. on 16th May 1960 Shri Jitendra Nath Dutta recorded their attendance. The Company files the attendance register (Ext. A-c). This register shows that the Company reinstated the workmen under reference on paper (by recording their attendance. This is also supported by the admission of the Union in paragraph 17 of its written statement that the Company offered to pay wases for 15 days from 16th May 1960 to the workmen under reference. It can therefore be accepted that the Company must have reinstated the workmen at least on paper and offered wages for 15 days from 16th May 1960 till the end of the month of May 1960. It is the common case of the parties that no work was done by the workmen in the factory from 16th May 1960 till they were charge-sheeted and suspended from service in the month of June 1960. According to the Company, the workmen came inside the factory, refused is do any work, but left everyday within half-wa-hour of their arrival in the morning and afternoon and that the work of the factory had to be carried on with the Contractor's labour. Even then the Company recorded the attendance of the workmen twice everyday and offered them wages for the period from 16th May 1960 to the end of the month of May 1960. The Company was therefore prepared to retain the Contractor's labour and also to reinstate the workmen under reference, i.e., to make payments to two sets of workmen, when according to the

Company only one set was working. It is the Combany's case that since the workmen had been lismissed in 1957, the Company employed Conractor's labour, that the Company issued notices he dismissed workmen that they would be reinstated by 16th May 1960 and that the Company informed he Contractor's labour on 15th May 1960 that the services of the Contractor's labour would not be equired from the morning of 16th May 1960. s in evidence that even on 16th May 1960 th Contractor's labour were working in the factory and Ly continued to work in the factory and are working even now. I have already said that the Union alleged that the workmen attended the facory gate twice everyday from 16th May 1960 according to the directions of the Company but they were never permitted to resume work in the factory 30, according to the Union, the reinstatement, if any, was merely on paper as the Company never permit ted the workmen to do any work. The Company, according to the Union, was manufacturing documents since 4th May 1960 for the purpose of creating evidence to enable the management to avoid taking back the workmen in the factory by passing orders for termination of their services on false and frivotous grounds and thus make the award of the Third Industrial Tribunal and the Supreme Court order Whether the Company ineffective. brought the workman inside the factory on reinstatement and the workmen refused to work, or whether the work-men were refused permission by the Company to come and work in the factory are questions of fact and these questions can only be answered on analysing the testimony of witnesses and on consideration of documentary evidence and some other relevant facts and circumstances.

The Company examined in all twelve witnesses—O.P.Ws. 1 and 2 are two police officers attached to Beliaghata police-station who brought some records called for from the police-station. They were not witnesses of facts. O.P.Ws. 3, 4, 10 and 11 arc employees of the Company. O.P.W. 5 is the advertible of the Company. tising agent of the Company for the last 30 years earning a substantial amount of money from his business transaction with the Company, O.P.Ws. 6 and 9 are related to one or more of the Proprietors of the Company. O.P.W. 8 is a tenant of the Combany for the last 21 years and he was also a classmate of some of the Proprietors of the Company It is therefore seen that O.P.Ws. 1 and 2 are format witnesses and O.P.Ws. 3, 4, 5, 6, 8, 9, 10 and 11 are undoubtedly interested witnesses who gave evidence for the Company. I am now left with only one witness, i.e., O.P.W. 7 who also is not an absolutely independent or totally disinterested witness O.P.W. 7 is Dhirendra Nath Mitra who says that he found the workers in a happy mood. This according to him was at the first day the workmen had assembled at tite factory gate, i.e., at 8 a.m. on 16th May 1960. He said: "I did not see them creating any trouble." He further said that the slogan the workmen were shouting was: "M. L. Bose & Co. Zindabad" the meaning of which is "Long Live M. L. Bose & Co." When that was the slogan shouted by the workmen under reference, then it cannot but be said that they were pleased with the action of the Company in calling them back for reinstatement and that they must have shouted slogan in praise of the

Company. With that attitude and frame of mind, the workmen must have come to work and not sit: idle abusing the Directors and officers and then leave the factory within half-an-hour of their arrival. O.P.W. 7 further said that he saw the workmen entering the factory. He admitted having personal acquaintance with the Proprietors of the Company who were his classmates and who are of same age as his and his neighbours. O.P.W. 9 Shri Bhupendra Nath Dev is also a neighbour of the Proprietor. He says: "All the workers used to assemble just in front of my house. There they used to shout and then leave the place after sometime. They usuasly used to do this twice a day both in the morning and in the afternoon. I saw such incident for 10/15 days. He is not only related to one of the Proprietors, but he also has business connection with the Company. It appears that all the witnesses examined by the Company are either tenants or employees of the Company and persons having business relationship with it or relatives of the Proprietors. They cannot be called independent or totally disinterested witnesses As against this, the Union examined 16 witnesses P.Ws. 2 to 9, 12 to 15 were employees of the Company. P.W. 16 is the Secretary of the of the Company. P.W. 16 is the Secretary of the Union Beside this, the Union examined P.W. 1 Gour Mohon. Ghose, a vendor of newspaper and periodicals, P.Ws. 10 and 11 employees of the Narkeldanga Roller and Flour Mills. These three witnesses of the Union are independent witnesses who either work or live in the locality. These witnesses corroborated the testimony of the workmen. P.Ws. 2 to 9 and 12 to 15 said that the workmen who assembled at the gate of the Company's factory were never permitted to get inside the fartory, but that they were asked by the officers of the Company to leave the place after the workmen had collected at the factory gate every morning from 16th Nay 1960. P.Ws. 1, 10 and 11 corroborated the employees. 1 do not see anything to disbelieve these three witnesses of the Union. I cannot per-suade mysell to accept the testimony of the Company's witnesses as true and correct, as all of them were more or less interested witnesses and they had not much regard for truth. Some other relevant the Union's case that the Company reinstated the workmen only on paper and the other part of the award, i.e., payment of compensation has not been implemented as yet. The Company made no statement in its written statement as to why the award for payment of compensation to the workmen was not implemented.

It is the Company's case that since the 47 workmen of the Company had been dismissed, the worl in the factory was carried on with the Contractor's labour and it is in evidence in this case on the side of the Company that the labour Contractor had been told on 15th May 1960 that he was not required to supply labour from 16th May 1960. The Company has produced the records of the proceedings of the two sets of enquiries held against the workmen under reference in June and July 1960. O.P.W. 10 Shri Intendra Nath Dutta, Chief Supervisor, said that the workmen under reference assembled at the gate at 8 a.m., that he recorded their attendance, that the workmen who came inside the factory were given work but the workmen left at 9 a.m. without doing

any work and that the Company then called the Contractor's labour to come and work in the factory. The Contractor's labour was therefore called after 9 a.m. on 16th May 1960. Since then, the Contractor's labour is working in the factory without any break. It therefore follows that since the dismissal of the workmen under reference in 1957 the work is still being carried on with the Contractor's labour in Fig factory. Two labourers of the Contractor working in the factory of the Company stated in them evidence in the enquiry proceedings (Ext. M) that when they came to work in the morning of 16th May 1960, they saw the assembly of the workmen under reference and that they saw the workmen both in the morning and in the afternoon. These two labourers were Shri Anil Halder and Shri Nani Gopal Roy. These labourers of the Contractor were working in the factory at 8 a.m. on 16th May 1960 and this fact disproves the Company's case that the services of the Contractor's labour were dispensed with by verbal intimation given on 15th May 1960. It is therefore proved that the Company continued to employ the Contractor's labour beyond 15th May 1960 and continuously because the Company never meant to reinstate the workmen under reference for doing any work in the factory for any day. I have already said that the Company produced the attendance register (Ext. A-e) and the wage-sheet (Ext. A f). O.P.W. 4 a supervisor said that normal attendance of workers was recorded only once. But in this case, the attendance of the workmen under reference was recorded twice everyday from 16th May 1960. It is the Company's case that the workmen under reference left the factory within half-anhour of recording of their attendance. It is the normal practice in every factory to close the gates on commencement of work and a worker is not permitted to leave the factory during working hours without special permission of the Copany's Officer-in-Charge. But in this case the Company wants me to believe that the gate of the factory remained open and workers came and went as they pleased even without doing any work and that the Company still thought it fit to offer wages to the workmen under reference for the period from 16th May 1960. The Company was certainly not offering wages as an act of charity. The only object of making out an account of wages for the workmen under reference from 16th May 1960 was to support the attendance register so that these two documents might prove reinstatement and implementation of the award. It appears trom these facts and circumstances that Company showed the reinstatement of workmen as employees on 16th May 1960 only on paper but the object of the Company was not to revive the legal rights of the employees as such, but to enable the Company to get the workmen under reference as employees only to terminate their services by taking recourse to a device which was planned before issuing the letter, dated 4th May 1960. I have referred to the letter of the President of the Union addressed to the management on 16th May 1960 (Ext. 1-f) that the Union had information of the Company's plan to make a show of reinstatement and then discharge the workmen after issuing false and frivolous charges against them. This information obtained by the Union proved to be correct when it was found that the Company in spite of keeping the Contractor's labour to work in the factory reinstated the workmen on paper without permitting

them to go inside the factory to do any work. The Company issued charge-sheets for alleged misconduct only with the object of showing that the Company had implemented the award of the Tribunal, but subsequent conduct of the workmen under reference justified termination of their services. This was done by the Company to keep out the workmen under reference for another few years and break their backbones. The Union alleged in its written statement that the Company did not pay the workmen the compensation or wages due to them from the date of dismissal till 15th May 1960 and the award of the Tribunal and the order of the Hon'ble Supreme Court were not implemented. The Company did not deny this in its written statement and also made no statement giving any reason for non-implementation of the award and orders of the Hon'ble Supreme Court in respect of payment of compensation and wages.

Considering all the facts and circumstances, I find it hard to believe that the workmen under reference would refuse work in the factory when they had so long been fighting for it and again willingly suffer unemployment on termination of service by r. sorting to acts of indiscipline. I fully disbelieve the case of the Company that the workmen were permitted to come inside the factory for work or that they refused to do any work in spite of repeated requests and directions of the officers of the Company. On the contrary, I find from these facts and circumstances discussed above that the Company made a show of reinstatement of the workmen under reference, did not permit them to enter into the factory and do any The charge-sheets must have therefore conwork. tained false allegations. Since the issue of the chargesheets, the workmen were placed under suspension without any pay. The Company thought that its object was achieved and it then went on giving final touches to liquidate the Union. The charges being false, the action of the Company in suspending the workmen or holding mock enquiries was of no consequence. As I have already found that the Company did not permit the workmen to come inside the factory to any work there could not be misconducon the part of the workmen for refusal to do work and sit idle in the factory. The so called enquiries were not held by any officer. Holding of enquiries by a clerk is improper and I cannot place any reli ance on the testimony of such a clerk nor accept as correct the entries in the records of proceedings at the enquiries. In view of my findings that the Company never permitted the workers to get inside the factory or work there and that the charges levelled against the workmen were false, it must be held that there was only show of enquiries for the purpose of manufacturing documents to support the dishones: acts of the management. All these facts and cutcumstances unmistakably prove that the termination of services of the workmen under reference was unjustified. The 43 workmen are therefore entitled to reinstatement and recover 50 per cent of their total emoluments for the period from the date of susp n sion of each of the workmen under reference till the date the Company reinstates them.

The Company is directed to reinstate the workmen under reference within thirty days from the date of the publication of this award. Regarding the question from which date the workmen shall be entitled to compensation, I have to consider here at the orders of suspension were punishments. It was held in 1954, L.L.J., Vol. II, page 175, that where there is provision in the standing orders of a Company providing suspension pending enquiry, the suspension is not punishment. It is admittedly a fact that this Company has no standing orders. I have already discussed that the orders of suspension of the workmen under reference pending enquiries were merely cloaks to conceal the real intention of the Company. The Company, I find, punished the workmen when it suspended them from service without wages. The workers are therefore entitled to recover compensation from the dates of orders of suspension. The Company shall therefore pay compensation of 50 per cent of the total emoluments of each of the workmen under reference from the date of suspension of each of them till reinstatement
